**Subject:** Cheri Guenette in regards to the special assessment fee

To whom it may concern:

On behalf of First Bank, I would like to express the unfair impact we are feeling from the new assessed premium. I feel our premium should not be affected to make up for the irresponsibility of the larger banks. We are a strong community bank and very responsible in our financial decisions.

I think it is very unfair that we are being penalized for the wrong doings of the larger financial institutions.

I have faith that you will make the right decision and realize this is not a fair expectation put on First Bank.

Sincerely,

Cheri Guenette  
First Bank Vault Teller
