Subject: FDIC Assessment, RIN3064-AD35

This "fine" you are imposing on banks for operating in a legal and sound manner is ludicrous. And that is what this is a fine. Please use the tarp money that the well run institutions turned down to build up the BIF. Don't impose a fine that we could use to invest in our small communities to keep our economy running. Thank you.

Timothy A. Hills

President

First National Bank of Sedan, Kansas
