Dear Mr. Feldman:

Re: Assessments, RIN 3064-AD35

I have worked at a small community bank for 35 years. Unlike the larger banks, we have grown slowly by caring and working with and in the surrounding communities.

We have had nothing to do with the current crisis and I feel that it is unfair to consider assessing additional monies for the FDIC fund from the smaller community bank. It could jeopardize banks like ours.

Please give consideration to a FICO or Rifco bond option or even possibly the FDIC could consider borrowing the money from the industry itself.

Thank you so much for your consideration to this most serious situation. Help us keep the small community banks alive and well.

Sincerely,
