Robert E. Feldman
Federal Deposit Insurance Corporation
550 17th Street, NW
Washington, DC 20429

Dear Robert Feldman:

Let's not punish banks who have always been financially prudent in their lending and accounting practices. It's not fair (or smart) to hand billions in tax payer dollars to failing banks and at the same time take away the ability of strong community-based banks to do what they always have - provide needed capital and credit to responsible Americans.

Please do the right thing.
