**Subject:** FW: FDIC 20 CENT SPECIAL ASSESSMENT

To Whom It May Concern:

The bank for which I work is a small independent community bank-one of few left in existence. By imposing this 20 Cent Special Assessment on **ALL BANKS**, we are not serving our community in the least. Those that dug themselves in this predicament should go to those that can best help them-not penalize those of us that are firm in our beliefs of not directing ourselves or others to these kind of practices. We-a small bank-can least afford this in these times.

Thank you.
