Subject: FDIC 20 Cent Assessment

TO WHOM IT MAY CONCERN:

The proposed FDIC-20 cent special assessment would have a crippling effect on our bank and would seriously hinder our ability to assist our community with recovery from the current economic crisis. Our bank and other community banks across the country did not participate in the activities that led to the current economic crisis and the depletion of the reserve fund. I think the banks that caused the problem should pay for this. I think this will jeopardize the existence of many small community banks, which in effect will hurt our communities. Please do whatever you can to stop this assessment from happening.

Thank you,
