March 10, 2009

Robert E. Feldman
Federal Deposit Insurance Corporation
550 17th Street, NW
Washington, DC 20429

Dear Robert Feldman:

The special assessment is completely at odds with my bank's efforts to help my community rebuild from this economic downturn.

The cost is so high that it is a disincentive to raise new deposits. Fewer deposits will hinder our ability to lend.

The implications for this significant FDIC charge will impact every corner of my community. It is patently unfair and harmful to burden a healthy bank like mine that is best positioned to help the economy recover.

Sincerely,

veronica
