

## FDIC Advisory Committee on Community Banking (CBAC) Meeting

On June 1, 2023, FDIC staff gave a presentation on the Notice of Proposed Rulemaking (NPR) for the proposed special assessment to recover losses from the Deposit Insurance Fund in connection with two bank failures in March 2023. Staff provided an overview of the NPR and there was a brief discussion after the presentation. Some CBAC members asked about the rulemaking process, including how to comment. A link to the webcast of the meeting can be found [here](#), and the presentation begins at approximately the 1:45 mark.
