

they will not disaggregate and target support (Notification to State of Change in Disaggregation Methodology). Carriers selecting Path Two must submit a copy to the Administrator of the order by the state commission or appropriate regulatory authority approving the disaggregation plan submitted, along with a copy of the disaggregation plan itself (Targeting Plan to State). In the MAG Order, the Commission extended until May 15, 2002, the date by which carriers will be required to select a disaggregation path for high-cost loop, LTS, LSS, and Interstate Common Line Support mechanisms. (No. of respondents: 100; hours per response: 1 hour; total annual burden 100 hours) e. Section 254(e) Certifications: Section 254(e) provides that a carrier receiving universal service support must use that support "only for the provision, maintenance, and upgrading of facilities and service for which the support is intended." To ensure that carriers receiving Interstate Common Line Support and LTS will use that support in a manner consistent with section 254(e), the Commission shall require carriers seeking such support to file a certification with the Commission and the Administrator. This certification requirement will be applicable to rate-of-return carriers and eligible telecommunications carriers seeking support from our Interstate Common Line Support mechanism. The certification shall be filed with the Commission and the Administrator on March 31, 2002. Such certification shall be filed in CC Docket No. 96-45 annually thereafter on June 30th. The certification may be filed in the form of a letter and must state that the carrier will use its Interstate Common Line Support and LTS only for the provision, maintenance, and upgrading of facilities and service for which support is intended. (No. of respondents: 1300; hours per response: 2 hours; total annual burden: 2600 hours). f. Required tariff filings: All rate-of-return carriers are required to modify their access tariffs to comply with the new Subscriber Line Charge (SLC) caps, to become effective on January 1, 2002, and on July 1, 2002, and July 1, 2003 subject to a cost review study for price cap carriers. Rate-of-return carriers also must file tariffs to recover through a separate end-user charge the costs of ISDN line ports and line ports associated with other services that exceed the costs of a line port used for basic analog service. (No. of respondents: 116; hours per response: 69.9 hours (avg.); total annual burden: 8110 hours). g. Optional Line Port Cost

Study: Rate-of-return carriers may use 30 percent of local switching costs as a proxy in shifting line port costs to the common line category, or may conduct a cost study based on geographically-averaged costs to be submitted in support of the tariff filing relying on the cost study. A carrier may rely on a cost study for subsequent tariff filings. (No. of respondents: 12; hours per response 40 hours; total annual burden: 480 hours). h. Establishment of TIC Caps: NECA is required to establish for carriers that participated in the NECA pool during the tariff year ending June 30, 2001, an individual carrier dollar limit based on its traffic volumes and the TIC rate for the twelve-month period ending on June 30, 2001. Each carrier that was not in the pool during the tariff year ending on June 30, 2001, must determine its TIC limit and report it to NECA for purposes of administering future pool membership changes. (No. of respondents: 1186; hours per response: .13 hours; total annual burden: 2.6 hours). i. Optional tariff filings: Rate-of-return carriers may, at their option, establish the following local switching and transport rate elements: a flat charge for dedicated trunk port costs; a flat charge for the costs of DS1/voice grade multiplexers associated with terminating dedicated trunks at analog switches; a per-minute charge for shared trunk ports and any associated DS1/voice grade multiplexer costs; a flat charge for the costs of trunk ports used to terminate dedicated trunks on the serving wire center side of the tandem switch; individual charges for multiplexer costs associated with tandem switches; and a per-message call setup charge. (No. of respondents: 12; hours per response: 93 hours; total annual burden: 1116 hours). j. GSF allocation: Beginning July 1, 2002, rate-of-return carriers that use general purpose computers to provide non-regulated billing and collection services are required to allocate a portion of their general purpose computer costs to the billing and collection category, which will require them to determine general purpose computer investment. Carriers may use the general purpose computer investment amount they develop for a period of three years. (No. of respondents: 600; hours per response: 20 hours; total annual burden: 12,000 hours).

The Commission will use the information collected to determine whether and to what extent non-price cap or rate-of-return carriers providing the data are eligible to receive universal service support. The Commission will use the tariff data to make sure that rates

are just and reasonable, as required by section 201(b) of the Act. Obligation to respond: Mandatory. Public reporting burdens for the collections of information are as noted above. Send comments regarding the burden estimates or any other aspect of the collections of information, including suggestions for reducing the burden to Performance Evaluation and Records Management, Washington, DC 20554.

**SUPPLEMENTARY INFORMATION:**

#### I. Selection for Community Support Review

Section 10(g)(1) of the Federal Home Loan Bank Act (Bank Act) requires the Finance Board to promulgate

regulations establishing standards of community investment or service Bank members must meet in order to maintain access to long-term advances. See 12 U.S.C. 1430(g)(1). The regulations promulgated by the Finance Board must take into account factors such as the Bank member's performance under the Community Reinvestment Act of 1977 (CRA), 12 U.S.C. 2901 et seq., and record of lending to first-time homebuyers. See 12 U.S.C. 1430(g)(2). Pursuant to the requirements of section 10(g) of the Bank Act, the Finance Board has promulgated a community support requirement regulation that establishes standards a Bank member must meet in order to maintain access to long-term advances, and review criteria the Finance Board must apply in evaluating a member's community support performance. See 12 CFR part 944. The regulation includes standards and criteria for the two statutory factors—CRA performance and record of lending to first-time homebuyers. 12 CFR 944.3. Only members subject to the CRA must meet the CRA standard. 12 CFR 944.3(b). All members, including those not subject to CRA, must meet the first-time homebuyer standard. 12 CFR 944.3(c).

Under the rule, the Finance Board selects approximately one-eighth of the members in each Bank district for community support review each calendar quarter. 12 CFR 944.2(a). The Finance Board will not review an institution's community support performance until it has been a Bank member for at least one year. Selection for review is not, nor should it be construed as, any indication of either the financial condition or the community support performance of the member.

Each Bank member selected for review must complete a Community Support Statement and submit it to the Finance Board by the May 31, 2002 deadline prescribed in this notice. 12 CFR 944.2(b)(1)(ii) and (c). On or before April 26, 2002, each Bank will notify the members in its district that have been selected for the 2002-03 first quarter community support review cycle that they must complete and submit to the Finance Board by the deadline a Community Support Statement. 12 CFR 944.2(b)(2)(i). The member's Bank will provide a blank Community Support Statement Form, which also is available on the Finance Board's web site: [WWW.FHFB.GOV](http://WWW.FHFB.GOV). Upon request, the member's Bank also will provide assistance in completing the Community Support Statement.

The Finance Board has selected the following members for the 2002-03 first
