Part II. Loans to Small Businesses and Small Farms

Schedule RC-C. Part II is to be reported only with the June Report of Condition.

Report the number and amount currently outstanding as of June 30 of business loans with "original amounts" of \$1,000,000 or less and farm loans with "original amounts" of \$500,000 or less. The following guidelines should be used to determine the "original amount" of a loan: (1) For loans drawn down under lines of credit or loan commitments, the "original amount" of the loan is the size of the line of credit or loan commitment when the line of credit or loan commitment was most recently approved, extended, or renewed prior to the report date. However, if the amount currently outstanding as of the report date exceeds this size, the "original amount" is the amount currently outstanding on the report date. (2) For loan participations and syndications, the "original amount" of the loan participation or syndication is the entire amount of the credit originated by the lead lender. (3) For all other loans, the "original amount" is the total amount of the loan at origination or the amount currently outstanding as of the report date, whichever is larger.

Schedule RC-R—Regulatory Capital

This schedule must be completed by all banks as follows: Banks that reported total assets of \$1 billion or more in Schedule RC, item 12, for June 30, 1999, must complete items 2 through 9 and Memoranda items 1 and 2. Banks with assets of less than \$1 billion must complete items 1 through 3 below or Schedule RC-R in its entirety, depending on their response to item 1 below.

For purposes of this test, adjusted total assets equals total assets less cash, U.S. Treasuries, U.S. Government agency obligations, and 80 percent of U.S. Government-sponsored agency obligations plus the allowance for loan and lease losses and selected off-balance sheet items as reported on Schedule RC-L (see instructions).

If the box marked YES has been checked, then the bank only has to complete items 2 and 3 below. If the box marked NO has been checked, the bank must complete the remainder of this schedule.

A NO response to item 1 does not necessarily mean that the bank's actual risk-based capital ratio is less than eight percent or that the bank is not in compliance with the risk-based capital guidelines.

NOTE: All banks are required to complete items 2 and 3 below. See optional worksheet for items 3.a through 3.f.
