Note: Liquid assets are defined as cash, federal funds sold, securities purchased under agreements to resell, and securities (including unrealized gains/losses on securities) less pledged securities. Wholesale funding includes federal funds purchased and securities sold under agreement to repurchase; Federal Home Loan Bank borrowings; brokered (net of reciprocal deposits), municipal and state, and foreign deposits (which are not FDIC insured); other borrowings; and listing services. For the period 2018 to 2021, reciprocal deposits were consolidated with brokered deposits. Data for listing services became available first quarter 2011.

# Deposits declined for the fifth consecutive quarter and borrowings decreased.

# Funding and Interest Rate Risk Discussion

- How is your bank being affected by rising interest rates?
- How fast has your bank raised deposit rates?
- Has your bank experienced a significant shift in deposit flows?
- What concerns do you have about current funding conditions?

# Consumer credit outstanding continues to grow.
