

## **Membership Balance Plan for the FDIC Systemic Resolution Advisory Committee**

**(1) Name:** FDIC Systemic Resolution Advisory Committee (the “Committee”).

**(2) Authority:** Discretionary committee established under agency authority.

**(3) Mission/Function:** The Committee will provide advice and recommendations on a broad range of issues regarding the resolution of systemically important financial companies (“covered companies”) pursuant to Title I and Title II of the Dodd-Frank Wall Street Reform and Consumer Protection Act, Pub. L. 111-203 (July 21, 2010), 12 U.S.C. 5301, *et seq.* Issues to be considered by the Committee include the effects on financial stability and economic conditions from a covered company’s failure, and how they arise; the effects on markets and stakeholders of the activities of a covered company; market understanding of the authorities available to the FDIC to facilitate an orderly resolution of a covered company, and the application of such authorities to nonbank financial entities; international coordination of planning and preparation for the resolution of internationally active covered companies; and the harmonization of resolution regimes across international boundaries.

**(4) Points of View:** Given the complexities associated with the structure of covered companies, it is important to ensure that those most likely to be affected by, or play a role in, the resolution of covered companies participate in the Committee’s activities. Toward that end, and to ensure relevant expertise on the Committee, members of the Committee should include financial market participants and professionals with relevant experience managing large, complex firms; investors; bankruptcy professionals; representatives from the audit, accounting, credit rating, and legal professions; and other relevant experts. The Committee will be comprised of representatives of the above-described groups; no Special Government Employees are expected to be on the Committee. The FDIC has determined that Committee members will be representatives and not Special Government Employees because the FDIC seeks the viewpoints of industry sectors and other groups with a stake in the systemic resolution process, and Committee members are not being asked to exercise their own individual judgment. Membership balance is not static and may change depending on the work of the Committee. The number of Committee members shall not exceed 20.

**(5) Other Balance Factors:** In order to achieve balance on the Committee, the FDIC may consider the following other factors: the importance of regional, state, or local government expertise; the effect on specific communities; and diversity in the candidates’ work sectors.

**(6) Candidate Identification Process:** Senior-level FDIC staff, including the Designated Federal Officer or Alternate Designated Federal Officer or designee(s), will be involved in determining balance on the Committee, reviewing applications and recommending qualified individuals, taking into consideration the areas of expertise most relevant to the issues to be examined by the Committee and the desire to include a broad cross-section of viewpoints on those issues. The Chairman of the FDIC will make the final selections. To achieve an appropriate balance on the Committee, the FDIC may seek nominations or recommendations from existing advisory committee members, banking industry representatives, consumer or

community groups, other state or Federal government agencies, or members of the public. Committee members will serve terms of up to three years, which may be renewed by the FDIC. Any vacancies on the Committee will be filled, at the discretion of the DFO in consultation with the Chairman of the FDIC, as soon as practicable using the process noted above.

**(7) Subcommittee Balance:** The process for assuring the appropriate balance on any subcommittee shall be the same process as for the full Committee, as outlined above.

**(8) Other:** Appointments will be made without discrimination on the basis of race, religion, color, sex (including pregnancy, gender identity, and sexual orientation), national origin, disability, age, and genetic information.

**(9) Date Prepared/Updated:** Initially prepared on May 13, 2011; updated on May 1, 2013; updated on May 1, 2015; updated on May 1, 2017; updated on April 26, 2019; updated on April 21, 2021; and amended on August 2, 2022.
