In accordance with the Reports Consolidation Act of 2000, the FDIC assessed the reliability of the performance data contained in this report. No material inadequacies were found, and the data are considered to be complete and reliable.

Based on internal management evaluations, and in conjunction with the results of independent financial statement audits, the FDIC can provide reasonable assurance that the objectives of Section 2 (internal controls) and Section 4 (financial management systems) of the Federal Managers’ Financial Integrity Act of 1982 have been achieved, and that the FDIC has no material weaknesses. Additionally, the U.S. Government Accountability Office did not identify any significant deficiencies in the FDIC’s internal controls for 2012. We are committed to maintaining effective internal controls corporate-wide in 2013.
