1. Purpose To provide guidance on the Federal Deposit Insurance Corporation's (FDIC) comprehensive approach to ensure individuals with disabilities will not, solely by reason of their disabilities, be excluded from participation in, denied the benefits of, or subjected to discrimination in any program or activity conducted by the FDIC.

2. Scope The provisions of this Circular apply to all FDIC programs and activities, including employment related programs, facilities and activities where the FDIC conducts business activities, and electronic information and technology. Further, this Circular applies to the conduct of FDIC personnel in their interaction with employees of insured institutions and employees of other Federal or state agencies while discharging the FDIC's statutory obligations as insurer and/or receiver of financial institutions.

3. Background The FDIC is committed to the principles of equal opportunity in all of its programs, policies and practices and promoting diversity and inclusion in its workforce as well as in its programs and activities. The Director, Office of Minority and Women Inclusion (OMWI), has the delegated responsibility for the FDIC diversity and inclusion, civil rights, accessibility, and minority and women outreach programs. These programs ensure that the FDIC workplace is inclusive, free from unlawful discrimination and providing equal opportunity and access to all its employment and business activities.

4. Authority The principal authorities for the requirements outlined in this Circular are:

-

5. Policy

The FDIC encourages and relies on participation in its programs and activities that involve the direct provision of benefits and services to members of the public, and considers accessibility to those programs and activities a priority. Therefore, it is the FDIC's policy that all of its programs and activities are as accessible to qualified individuals with a disability, including employees and members of the public, as they are to individuals without disabilities.

The FDIC will make available to employees, applicants for employment, participants, beneficiaries, and other interested persons such information regarding the provisions of this Circular and its applicability to the programs or activities conducted by the FDIC, and make such information available to them in such manner as the Chairman or designee finds necessary to apprise such persons of the protections against discrimination under Section 504 and implementing regulations.
