MERGER DECISIONS

ANNUAL REPORT TO CONGRESS

Bank Merger Act Reporting Requirements
(Friday, January 1, 2021 through Friday, December 31, 2021)

All of the following Merger applications were approved by the FDIC during the year 2021. With regard to each application, the FDIC considered and found favorably with respect to the statutory factors, including the financial and managerial resources and future prospects of the existing and proposed institutions; the convenience and needs of the community to be served; the risk to the stability of the United States banking and financial system; and the effectiveness of each depository institution involved in the merger in combating money laundering activities, including in overseas branches.

Except as noted, reports regarding the competitive factors were requested from the Attorney General, and Summary Reports from the Attorney General indicated that the transactions would not have a significant adverse effect on competition.

In each case, the FDIC determined that the transaction would not result in a monopoly or further any combination or conspiracy to monopolize or attempt to monopolize the business of banking in any part of the United States. In addition, the FDIC determined that the transaction would not have the effect in any section of the country to substantially lessen competition or tend to create a monopoly or in any other manner restrain trade, unless the anticompetitive effects of the transaction were clearly outweighed in the public interest by the probable effect of the transaction in meeting the convenience and needs of the community to be served.

Finally, the FDIC determined that, for each interstate merger case, the resulting insured institution, including its affiliated insured institutions, upon consummation of the transaction would not control more than ten percent (10%) of the total amount of deposits of all insured depository institutions in the United States.

Note: This Report is available on the FDIC's Public Information Center's website at: www.fdic.gov/bank/individual/merger/

Data Date(s) 01/01/2021 to 12/31/2021

Note 1: The Bank Merger Act does not require that the responsible agency request a report of competitive factors from the Department of Justice when the merger transaction solely involves an insured depository institution and one or more of the affiliates of such depository institution. See 12 U.S.C. 1828(c)(4). This includes transactions where two institutions merge immediately following a merger between two bank holding companies that was subject to the approval of the Federal Reserve System and for which a favorable competitive factors report was received from the Attorney General.
