       (iii) comply with applicable laws and regulations; and

(d) The level of capital to be maintained during the life of this Order shall be in addition to a fully funded allowance for loan and lease losses (“ALLL”) the adequacy of which shall be satisfactory to the Regional Director and the Superintendent as determined at subsequent examinations and/or visitations. Any increase in Tier 1 capital necessary to meet the requirements of this paragraph may not be accomplished through a deduction from the Bank’s ALLL.

(e) If all or part of the increase in capital required by this Order is accomplished by the sale of new securities, the Board shall adopt and implement a plan for the sale of such additional securities, including the voting of any shares owned or proxies held or controlled by them in favor of the plan. Should the implementation of the plan involve a public distribution of the Bank’s securities (including a distribution limited only to the Bank’s existing shareholders), the Bank shall prepare offering materials fully describing the securities being offered, including an accurate description of the financial condition of the Bank and the circumstances giving rise to the offering, and any other material disclosures necessary to comply with the Federal securities laws. The plan may include a provision for increasing Tier 1 capital when necessary to achieve the prescribed ratio.

(d) The Bank shall, immediately upon completion, submit the plan to the Regional Director and the Superintendent for review and comment.

Such reports shall include a copy of the Bank's Report of Condition and the Bank's Report of Income. Such reports may be discontinued when the corrections required by this ORDER have been accomplished and the Regional Director and the Superintendent have released the Bank in writing from making further reports.
