_____)	

The Federal Deposit Insurance Corporation (“FDIC”) is the appropriate Federal banking agency for D’HANIS STATE BANK, D’HANIS, TEXAS (“Bank”) under 12 U.S.C. § 1813(q).

The Texas Department of Banking (“Department”) is the appropriate state banking agency for the Bank under Texas Finance Code, Title 3, Subtitle A §§ 31.001 et. seq.

The Bank, by and through its duly elected and acting board of directors (“Board”), has executed a “STIPULATION TO THE ISSUANCE OF A CONSENT ORDER” (“STIPULATION”), dated October 28, 2010, that is accepted by the Banking Commissioner of Texas (“Commissioner”) and the FDIC.

With the STIPULATION, the Bank has consented, without admitting or denying any charges of unsafe or unsound banking practices relating to weaknesses in asset quality and liquidity, deterioration in capital protection and earnings, deficiencies in management and oversight by the Board, and violations of laws or regulations to the issuance of this CONSENT ORDER (“ORDER”) by the Acting Regional Director of the FDIC’s Dallas Regional Office (“Regional Director”) and the Commissioner.

Having determined that the requirements for issuance of an order under 12 U.S.C. § 1818(b) and Texas Finance Code § 35.002 have been satisfied or waived, the FDIC and the Commissioner hereby order that:

CAPITAL PLAN

1. (a) Within 60 days of the date of this ORDER, the Bank shall develop and submit a written Capital Plan (“Capital Plan”) that incorporates a capital assessment to the Commissioner and Regional Director. The Capital Plan shall establish an increased minimum percentage for Tier 1 Leverage Capital Ratio and the Total Risk-Based Capital Ratio, as defined in Part 325 of the FDIC Rules and Regulations. Under this Capital Plan, after establishing an Allowance for Loan and Lease Losses (“ALLL”), the Bank shall maintain its Tier 1 Leverage Capital ratio equal to or greater than 9 percent of the Bank’s Average Total Assets and shall maintain its Tier 1 Risk-Based Capital ratio equal to or greater than 11 percent of the Bank’s Total Risk Weighted Assets and shall maintain its Total Risk-Based Capital ratio equal to or greater than 13 percent of the Bank’s Total Risk Weighted Assets.

(b) Such increase in Tier 1 Capital and any increase in Tier 1 Capital necessary to meet the capital ratios required by this ORDER may be accomplished by:

- (1) The sale of securities in the form of common stock; or
- (2) The direct contribution of cash subsequent to June 7, 2010, by the directors and/or shareholders of the Bank or by the Bank’s holding company; or

- (3) Receipt of an income tax refund or the capitalization subsequent to June 7, 2010, of a bona fide tax refund certified as being accurate by a certified public accounting firm; or
- (4) Any other method approved by the Regional Director and the Commissioner.

(c) If any such capital ratios are less than required by the ORDER, as determined as of the date of any Report of Condition and Income or at an examination by the FDIC or the Department, the Bank shall, within 30 days after receipt of a written notice of the capital deficiency from the Commissioner and the Regional Director, present to the Commissioner and the Regional Director a new Capital Plan to increase the Bank's Tier 1 Capital or to take such other measures to bring all the capital ratios to the percentages required by this ORDER. After the Commissioner and the Regional Director respond to the new capital plan, the Bank's Board shall adopt the new Capital Plan, including any modifications or amendments requested by the Commissioner and the Regional Director.

(d) Thereafter, the Bank shall immediately initiate measures detailed in the Capital Plan, to the extent such measures have not previously been initiated, to increase its Tier 1 Capital by an amount sufficient to bring all the Bank's capital ratios to the percentages required by this ORDER within 60 days after the Commissioner and the Regional Director respond to the Capital Plan.

(e) The Capital Plan must include a capital contingency plan in the event that the Bank (i) fails to maintain the minimum capital ratios required by the ORDER, (ii) fails to submit an acceptable Capital Plan or (iii) fails to implement or adhere to a Capital Plan to which no written objection was provided by the Commissioner and the Regional Director. The capital

contingency plan shall include a plan to sell or merge the Bank. The Bank shall implement the capital contingency plan upon written notice from the Commissioner and the Regional Director.

(f) If all or part of the increase in Tier 1 Capital required by this ORDER is to be accomplished by the sale of new securities, the Bank's Board shall adopt and implement a plan for the sale of such additional securities, including soliciting proxies and the voting of any shares or proxies owned or controlled by them in favor of the plan. Should the implementation of the plan involve a public distribution of the Bank's securities (including a distribution limited only to the Bank's existing shareholders), the Bank shall prepare offering materials fully describing the securities being offered, including an accurate description of the financial condition of the Bank and the circumstances giving rise to the offering, and any other material disclosures necessary to comply with Federal securities laws. Prior to the implementation of the plan, and in any event, not less than 20 days prior to the dissemination of such materials, the plan and any materials used in the sale of the securities shall be submitted to the FDIC, Accounting and Securities Disclosure Section, Washington, D.C. 20429, for review. Any changes requested to be made in the plan or the materials by the FDIC shall be made prior to their dissemination. If the increase in Tier 1 Capital is to be provided by the sale of non-cumulative perpetual preferred stock, then all terms and conditions of the issue shall be presented to the Commissioner and the Regional Director for prior approval.

(g) In complying with the provisions of this ORDER and until such time as any such public offering is terminated, the Bank shall provide to any subscriber and/or purchaser of the Bank's securities written notice of any planned or existing development or other change which is materially different from the information reflected in any offering materials used in connection with the sale of the Bank securities. The written notice required by this paragraph

shall be furnished within 10 days after the date such material development or change was planned or occurred, whichever is earlier, and shall be furnished to every purchaser and/or subscriber who received or was tendered the information contained in the Bank's original offering materials.

(h) In addition, the Bank shall comply with the FDIC's Statement of Policy on Risk-Based Capital found in Appendix A to Part 325 of the FDIC Rules and Regulations, 12 C.F.R. Part 325, App. A.

(i) For purposes of this ORDER, all terms relating to capital shall be calculated according to the methodology set forth in Part 325 of the FDIC's Rules and Regulations, 12 C.F.R. Part 325.

(j) Such Capital Plan shall detail the steps that the Bank shall take to achieve and maintain the capital requirements set forth in paragraph 1 (a) above. In developing the Capital Plan, the Bank must take into consideration:

- (1) The volume of the Bank's adversely classified assets;
- (2) The nature and level of the Bank's asset concentrations;
- (3) The adequacy of the Bank's ALLL;
- (4) The anticipated level of retained earnings;
- (5) Anticipated and contingent liquidity needs; and
- (6) The source and timing of additional funds to fulfill future capital needs.

CLASSIFIED/SPECIAL MENTION ASSETS – CHARGE-OFF AND PLAN FOR REDUCTION

3. (a) Within 15 days after the effective date of this ORDER, the Bank shall, to the extent that it has not previously done so, eliminate from its books, by charge-off or collection, all assets or portions of assets classified Loss by the Department as a result of its examination of the Bank as of June 7, 2010. Elimination or reduction of these assets through proceeds of loans made by the Bank shall not be considered “collection” for the purpose of this paragraph.

(b) Within 60 days after the effective date of this ORDER, the Bank shall develop and submit to the Commissioner and Regional Director for approval a written Plan of Correction to reduce the ratio of adversely classified assets to Tier 1 Capital and the ALLL (“Plan of Correction”). The Plan of Correction shall target specific dollar volumes of classified assets that will be reduced each quarter and quantify the targeted reduction into a Reduction Schedule. Also, the rationale used in formulating the reduction schedule shall be included in the Plan of Correction. The Plan of Correction shall include an action plan for each adversely classified asset with a balance in excess of \$200,000. The Plan of Correction shall be updated at least monthly and a copy shall be provided to the Board, or a committee designated by the Board. The action plan for each adversely classified asset, at a minimum, shall include the following:

The Plan of Correction shall also contain provisions which require, at a minimum:

- (1) Review of the financial position of each such borrower, including the source of repayment, repayment ability, and alternate repayment sources; and
- (2) Evaluation of the available collateral for each such credit, including possible actions to improve the Bank's collateral position.

(c) The Bank shall present the Plan of Correction to the Commissioner and the Regional Director for review. Within 30 days after the Commissioner's and the Regional Director's response, the Plan of Correction, including any requested modifications or amendments shall be adopted by the Bank's Board, which approval shall be recorded in the minutes of the Bank's Board meeting. The Bank shall then immediately initiate measures detailed in the Plan of Correction to the extent such measures have not been initiated.

(d) For purposes of the Plan of Correction, the reduction of adversely classified assets shall include adversely classified assets as of June 7, 2010, as well as any newly identified items. The Plan of Correction shall be detailed using quarterly targets expressed as a percentage of the Bank's Tier 1 Capital plus the ALLL and may be accomplished by:

- (1) Charge-off;

- (2) Collection;
- (3) Sufficient improvement in the quality of adversely classified assets so as to warrant removing any adverse classification, as determined by the Department or the FDIC; or
- (4) Increase in the Bank's Tier 1 Capital.

(e) While this ORDER is in effect, the Bank shall eliminate from its books, by charge-off or collection, all assets or portions of assets classified Loss as determined at any future examination conducted by the Department or the FDIC.

(f) Within 60 days after the effective date of this ORDER, the Bank shall develop a written plan for correcting the underwriting and other deficiencies identified in each asset listed as Special Mention by the Department as a result of its examination of the Bank as of June 7, 2010.

RESTRICTION ON ADVANCES TO CLASSIFIED BORROWERS

The requirements of this paragraph shall not prohibit the Bank from renewing credit already extended to a borrower after full collection, in cash, of interest due from the borrower.

(b) While this ORDER is in effect, the Bank shall not extend, directly or indirectly, any additional credit to or for the benefit of any borrower whose credit is classified Doubtful and/or Substandard by the Department as the result of its examination of the Bank, either in whole or in part, and is uncollected, unless the Bank's Board has signed a detailed written statement giving reasons why failure to extend such credit would be detrimental to the best interests of the Bank. The statement shall be placed in the appropriate loan file and included in the minutes of the applicable Bank Board meeting.

LOAN UNDERWRITING AND TECHNICAL EXCEPTIONS

5. (a) Within 90 days after the effective date of this ORDER, the Bank shall take action to correct the loan underwriting and credit administration weaknesses and deficiencies identified in the Asset Quality section of the Department's June 7, 2010 Report of Examination. be calculated in accordance with generally accepted accounting standards and ALLL supervisory guidance. After the initial provision is made, the Bank shall thereafter maintain a reasonable ALLL. Prior to the end of each calendar quarter, the Bank's Board shall review the adequacy of the Bank's ALLL.
