

SCHEDULE RC-K – QUARTERLY AVERAGES

General Instructions

Report for the items on this schedule the average of the balances as of the close of business for each day for the calendar quarter or an average of the balances as of the close of business on each Wednesday during the calendar quarter. For days that an office of the bank (or any of its consolidated subsidiaries or branches) is closed (e.g., Saturdays, Sundays, or holidays), use the amount outstanding from the previous business day. An office is considered closed if there are no transactions posted to the general ledger as of that date.

If the reporting institution was the acquirer in a business combination accounted for under the acquisition method for which the acquisition date was during the calendar quarter, the quarterly averages for the reporting institution should include in the numerator:

- Dollar amounts for the reporting institution for each day (or each Wednesday) from the beginning of the quarter until the acquisition date and
- Dollar amounts for the reporting institution and the acquired institution or business for each day (or each Wednesday) from the acquisition date through the end of the quarter

and should include in the denominator the number of days (or Wednesdays) in the entire quarter.

If the reporting institution was acquired in a transaction that became effective during the calendar quarter, retained its separate corporate existence, and elected to apply pushdown accounting in its separate financial statements (including the Consolidated Reports of Condition and Income), the quarterly averages for the reporting institution should include only the dollar amounts for each day (or each Wednesday) from the acquisition date to the end of the quarter in the numerator and the number of days (or Wednesdays) from the acquisition date through the end of the quarter in the denominator.

If the reporting institution was involved in a transaction between entities under common control that became effective during the calendar quarter and has been accounted for in a manner similar to a pooling of interests, the quarterly averages for the reporting institution should include dollar amounts for both the reporting institution and the institution or business that was combined in the transaction for each day (or each Wednesday) from the beginning to the end of the quarter in the numerator and the number of days (or Wednesdays) in the entire quarter in the denominator.

For further information on business combinations, pushdown accounting, and transactions between entities under common control, see the Glossary entry for "business combinations."

If the reporting institution began operating during the calendar quarter, the quarterly averages for the institution should include only the dollar amounts for the days (or Wednesdays) since the institution began operating in the numerator and the number of days (or Wednesdays) since the institution began operating in the denominator.

For all institutions, the loan categories specified in item 6 of this schedule correspond to the loan category definitions for Schedule RC-C, Part I, Loans and Leases.

Institutions should not deduct allowances for credit losses, if any, from the related amortized cost amounts when calculating quarterly averages for interest-bearing balances due from depository institutions, debt securities, federal funds sold and securities purchased under agreements to resell, loans, and lease financing receivables for Schedule RC-K, items 1 through 8 and Memorandum item 1. However, institutions should deduct allowances for credit losses from the related amortized cost amounts when calculating the quarterly average for total assets for Schedule RC-K, item 9.

FFIEC 031 and 041**Item No. Caption and Instructions**

NOTE: Schedule RC-K, item 7, is to be completed by (1) banks that reported total trading assets of \$10 million or more in any of the four preceding calendar quarters and (2) all banks meeting the FDIC's definition of a large or highly complex institution for deposit insurance assessment purposes.

- 7 Trading assets.** Report the quarterly average for trading assets (as defined for Schedule RC, item 5). Trading assets include trading derivatives with positive fair values.
- 8 Lease financing receivables (net of unearned income).** Report the quarterly average for the lease financing receivables, net of unearned income (as defined for Schedule RC-C, part I, item 10, column B, on the FFIEC 041; column A on the FFIEC 031).
- 9 Total assets.** Report the quarterly average for the bank's total assets, as defined for "Total assets," on Schedule RC, item 12, except that this quarterly average should reflect:
- All debt securities not held for trading at amortized cost;
 - Equity securities with readily determinable fair values not held for trading at fair value; and
 - Equity securities and other equity investments without readily determinable fair values not held for trading at their balance sheet carrying values (i.e., fair value or, if elected, cost minus impairment, if any, plus or minus changes resulting from observable price changes in orderly transactions for the identical or a similar investment of the same issuer).
- This exception for equity securities and other equity investments does not apply to those accounted for under the equity method or that result in consolidation.

In addition, to the extent that net deferred tax assets included in the bank's total assets, if any, include the deferred tax effects of any unrealized holding gains and losses on available-for-sale debt securities, these deferred tax effects may be excluded from the determination of the quarterly average for total assets. If these deferred tax effects are excluded, this treatment must be followed consistently over time.

Institutions should deduct allowances for credit losses from the related amortized cost amounts when calculating quarterly average total assets for this item 9.

This item 9 is not the sum of Schedule RC-K, items 1 through 8, above.

Item No. Caption and Instructions**LIABILITIES**

- 10 Interest-bearing transaction accounts (in domestic offices).** Report the quarterly average for interest-bearing transaction accounts (in domestic offices): interest-bearing demand deposits, NOW accounts, ATS accounts, and telephone and preauthorized transfer accounts (as defined for Schedule RC-E, (part I,) column A, "Total transaction accounts").
