

2002 endosulfan Reregistration Eligibility Decision (RED), are available in the electronic docket at <http://www.regulations.gov> under docket number EPA-HQ-OPP-2002-0262.

Although the NRDC and PANNA petitions requested both cancellation of uses and revocation of tolerances, this notice is seeking public comment only on the requests to cancel all uses of endosulfan under section 6 of the Federal Insecticide, Fungicide, and Rodenticide Act (FIFRA) (7 U.S.C. 136d(b)). EPA issued a separate **Federal Register** notice on August 20, 2008 (73 FR 49194) soliciting public comment on the NRDC and PANNA petitions' requests to revoke all tolerances under section 408 of the Federal Food, Drug and Cosmetic Act (FFDCA), as amended by the Food Quality Protection Act (FQPA) and codified at 40 CFR 180.182.

The Agency notes that findings from its October 2008 Scientific Advisory Panel (SAP) meeting on Persistent Bioaccumulative Toxicants (PBTs), which were published on January 29, 2009, may be useful for the public in commenting on these petitions seeking cancellation of all uses under FIFRA. Key components of the meeting include review of methods for assessing environmental persistence, bioaccumulation, long-range transport, toxicity, and the role of sediment dynamics on estimating aquatic exposure concentrations for pesticides with varying persistent, bioaccumulative and toxic characteristics. Meeting minutes from the PBT SAP (73 FR 42796, July 23, 2008), are available at <http://www.epa.gov/scipoly/sap/meetings/2008/october/minutes.pdf> and are also in the electronic docket at <http://www.regulations.gov> under docket number EPA-HQ-OPP-2008-0550.

Later in April 2009 the Agency will publish a separate Notice in the **Federal Register** to solicit comments on its recently completed impact assessments on endosulfan, as well as any additional information stakeholders may have on the importance of endosulfan use in agriculture (EPA-HQ-OPP-2002-0262)(FRL-8411-1). The impact assessments evaluate the impacts on growers that could result from various risk management options, such as cancellation of uses and longer Restricted Entry Intervals (REIs). All stakeholders are encouraged to comment on these assessments, submit additional information for the Agency to consider, and provide data with which the Agency can better define the likely impacts. Please see docket number EPA-HQ-OPP-2002-0262 to access documents and submit comments

related to the impact assessments and the importance of endosulfan use.

The Agency asks that comments on the NRDC and PANNA petitions' requests to cancel all uses of endosulfan be submitted to docket number EPA-HQ-OPP-2008-0615 within 60 days.

A. Purpose

Section 5 of the International Air Transportation Fair Competitive Practices Act of 1974 (49 U.S.C. 1517) (Fly America Act) requires that all Federal agencies and Government contractors and subcontractors use U.S.-flag air carriers for U.S. Government-financed international air transportation of personnel (and their personal effects) or property, to the extent that service by those carriers is available. It requires the Comptroller General of the United States, in the absence of satisfactory proof of the necessity for foreign-flag air transportation, to disallow expenditures from funds, appropriated or otherwise established for the account of the United States, for international air transportation secured aboard a foreign-flag air carrier if a U.S.-flag carrier is available to provide such services. In the event that the contractor selects a carrier other than a U.S.-flag air carrier for international air transportation, the contractor shall include a certification on vouchers involving such transportation. The contracting officer uses the information furnished in the certification to determine whether adequate justification exists for the contractor's use of other than a U.S.-flag air carrier.
