If not submitted by that date, branch office information corrections should be included with the SOD Survey.

Summary of Deposits Survey Filing for June 30, 2017

The Summary of Deposits (SOD) is the annual survey of branch office deposits as of June 30 for all FDIC-insured institutions, including insured U.S. branches of foreign banks. Institutions with branch offices are required to submit the survey to the FDIC by July 31, 2017. Institutions with only a main office are exempt; however, they will be included in the survey results based on the total deposits reported on their June Call Report. *Publication of the survey data is dependent on timely and accurate filing by respondent institutions; therefore, no filing extensions will be granted.*

Filing Procedures

The FDIC began collecting the SOD Survey using the FFIEC's Central Data Repository (CDR) beginning with the 2016 reporting cycle. Institutions must either complete the survey directly in the CDR or use vendor software to prepare and submit their survey responses to the CDR. Software vendors available to assist with the SOD filing are listed below.

Accessing the Central Data Repository

The individual responsible for submitting an institution's SOD Survey must have an account with the CDR. A separate CDR account is not necessary if the SOD submitter and Call Report submitter are the same individual.

If you do not already have a CDR account, you should request an account as soon as possible so that you will be able to submit your SOD Survey successfully. Follow the steps below to request an account with the CDR.

1. Visit the CDR website at: <https://cdr.ffiec.gov/cdr>.
2. Click "Login" to begin.
3. Click "Request an Account" at the bottom of the blue box.
4. Review the FFIEC Legal Notice and Privacy Policy and click "Accept and Continue."
5. Enter your new user account information:
 - a. The Delegated Site Administrator (DSA) at each institution is responsible for managing CDR users within that institution. Select "Yes" if you are creating a DSA account or "No" if you are not creating a DSA account.
 - b. Complete the required fields under "Account Information" and "Profile Information" to proceed.
 - c. To complete the "Organization" field:
 - i. Click "Select Organization" to the right of the field.
 - ii. Search for your financial institution by entering the organization name or FDIC Certificate Number and clicking on the "Search" button at the top.

Important: Verify your financial institution name and FDIC Certificate Number from the returned search. If you do not select the correct organization name, your request will not be processed correctly.

- iii. Click on your organization name to populate the “Profile Information.”
- 6. Click “Request Your Account” at the top of the page.
- 7. Click on “Click to Exit” at the “Registration Successful” page.
- 8. **After successfully submitting your request, please contact the CDR Help Desk by telephone or email to complete the registration process.** Provide your username and your institution’s FDIC Certificate Number to expedite the approval of your new account. A CDR Security Administrator will review and process your request, and you will receive email notification when your account is active.

Reporting Instructions

Comprehensive reporting instructions for the 2017 SOD Survey are available on the FDIC's Summary of Deposits website at <https://www.fdic.gov/regulations/required>.

2017 Summary of Deposits Timeline

Before June 24, 2017 – Institutions should review branch-office structure information (branch office names, physical addresses, and service-type codes) on the FDIC's BankFind website at <https://banks.data.fdic.gov/bankfind-suite/bankfind>. Corrections to this information may be submitted to the FDIC's Data Collection and Analysis Section at sod@fdic.gov. Corrections not submitted before June 24, 2017, should be included with the SOD Survey.

Beginning July 1, 2017 – Institutions may begin submitting their SOD Survey for June 30, 2017. However, the FDIC recommends that institutions submit their Call Report for June 30, 2017, before filing the SOD Survey, to enable comparisons of deposit totals between the two reports. Additionally, if your institution uses vendor software and has had last-minute structure changes, check with your software vendor about features that will allow your software to be synchronized with the most up-to-date information in the CDR.

July 31, 2017 – Your completed SOD Survey must be received by Monday, July 31, 2017. *No extensions of time for submitting SOD data will be granted.*

October 10, 2017 – SOD Survey results will be published on the FDIC's Summary of Deposits website at <https://www5.fdic.gov/sod/> no later than October 10, 2017. To be notified by email when the 2017 SOD data and deposit market share reports become available, please subscribe to email updates at <https://www.fdic.gov/about/subscriptions>.

Electronic Amendments in the CDR

Once the initial 2017 SOD Survey information has been submitted, institutions may amend SOD data directly in the CDR or by using vendor software. If necessary, amendments also may be submitted for prior year (2016) branch deposit totals. After SOD Survey results are published on the FDIC website each year in October, amended branch deposit totals will be reflected in periodic updates.

Assistance

For assistance with CDR account enrollment or other system-related issues, contact the CDR Help Desk at 1-888-CDR-3111 or by email at CDR.HELP@ffdic.gov.
