Highlights:

- The webinar is designed to:
 - Be a plain language presentation for senior management of institutions on current cyber threats and actions that can be taken to protect their customers and institutions.
 - Provide key takeaways to assist in promoting an appropriate tone from senior management on topics that include building a security culture, integrating cybersecurity into the business units, and engaging boards of directors.
 - Highlight the importance of public/private partnerships, such as the Financial Services Information Sharing and Analysis Center (FS-ISAC).
- The webinar will also include a live question-and-answer period with regulators.
- Participation by financial institution executive management is strongly encouraged.
- Please register by no later than midnight CDT on May 6, 2014, at <http://www.surveygizmo.com/s3/1596716/Registration-Ask-the-Regulators-CCIWG-May-07-2014>.
- Additional information will be provided upon registration.
