FEDERAL FINANCIAL INSTITUTIONS EXAMINATION COUNCIL

Uniform Retail Credit Classification and Account Management Policy; Extension of Implementation Period

AGENCY: Federal Financial Institutions Examination Council.

ACTION: Final notice; extension of implementation period.

SUMMARY: The Federal Financial Institutions Examination Council (FFIEC), on behalf of the Board of Governors of the Federal Reserve System (FRB), the Federal Deposit Insurance Corporation (FDIC), the Office of the Comptroller of the Currency (OCC), and the Office of Thrift Supervision (OTS), collectively referred to as the Agencies, is extending the implementation period for the Uniform Retail Credit Classification and Account Management Policy. The Uniform Retail Credit Classification and Account Management Policy is a supervisory policy used by the Agencies for uniform classification and treatment of retail credit loans in financial institutions.

DATES: November 23, 1999.

SUPPLEMENTARY INFORMATION:

Background Information

On February 10, 1999, the FFIEC published final revisions to the Uniform Retail Credit Classification and Account Management Policy (64 FR 6655). The Agencies undertook a review of the 1980 policy as part of their review of all written policies mandated by section 303(a) of the Riegle Community Development and Regulatory Improvement Act of 1994. The Agencies determined that the 1980 policy should be revised due to changes that have taken place within the industry. In general, the final policy statement:

- Established a uniform charge-off policy for open-end credit at 180 days delinquency and closed-end credit at 120 days delinquency.
- Provided uniform guidance for loans affected by bankruptcy, fraud, and death.
- Established guidelines for re-aging, extending, deferring, or rewriting past due accounts.
- Classified certain delinquent residential mortgage and home equity loans.
- Broadened recognition of partial payments that qualify as full payments.

Implementation Period

The final policy became effective for manual adjustments to an institution's policies and procedures as of the June 30, 1999, Call Report or Thrift Financial Report (Reports), as appropriate. In addition, the final policy allowed institutions until the December 31, 2000, Reports to make changes involving programming resources. At the time of publishing the final policy, the Agencies were primarily concerned about drawing away programming resources from the Year 2000

compliance effort. The Agencies recognize that the staggered implementation date imposes a shorter adjustment period on banks that are less automated. Additionally, the Agencies received recommendations from the industry, subsequent to the publication of the policy in the **Federal Register**, to delay the implementation of the policy for all financial institutions to December 31, 2000.

In order to allow all institutions to meet the implementation deadlines within the same time period, including those that are not highly automated, the FFIEC is modifying the effective date. This notice extends the implementation date for manual changes to the December 31, 2000, Call Report or Thrift Financial Report. Institutions that have already implemented manual changes to meet the revised guidelines may continue to use their revised policies and procedures, but are not required to do so.

Dated: November 17, 1999.

Keith J. Todd,

Executive Secretary, Federal Financial Institutions Examination Council.

Joint Financial Management Improvement Program (JFMIP)—Federal Financial Management System Requirements (FFMSR)

AGENCY: Joint Financial Management Improvement Program (JFMIP), GAO.

ACTION: Notice of document availability.

SUMMARY: The JFMIP is seeking public comment on two exposure drafts titled, (1) "Guaranteed Loan System Requirements," and (2) "Grant Financial System Requirements," both dated October 19, 1999. The guaranteed loan document is being issued to update a December 1993 document. This is the first time that a requirements document has been issued for grants. The drafts incorporate: (1) statutory and regulatory changes; (2) technological changes; and (3) JFMIP documentation changes. The document is designed to provide financial managers with Governmentwide mandatory requirements for financial systems in order to process and record financial events effectively and efficiently, and to provide complete, timely, reliable, and consistent information for decision makers and the public.

DATES: Comments are due on both documents by Friday, December 17, 1999.

ADDRESSES: Copies of the exposure draft have been mailed to Agency Senior Financial Officials and are available on the JFMIP website: www.financenet.gov/fed/jfmip/jfmip.htm.

Comments should be addressed to JFMIP, 441 G Street NW., Room 3111, Washington, DC 20548.

JFMIP Relocation: We are working to relocate JFMIP, by the middle of November, 1999, to 1990 K St., Suite 430. We are working closely with the GAO, where JFMIP is currently located, to ensure a smooth transition of U.S. Postal and electronic mail services. When the exact date of the location is known, information will be posted on the JFMIP Homepage.

FOR FURTHER INFORMATION CONTACT: Dennis Mitchell, 202-512-5994 or via Internet: mitchelld.jfmip@gao.gov.

SUPPLEMENTARY INFORMATION: The Federal Financial Management Improvement Act (FFMIA) of 1996 mandated that agencies implement and maintain systems that comply substantially with Federal financial management systems requirements, applicable Federal accounting standards, and the U.S. Government Standard General Ledger at the transaction level. The FFMIA statute codified the JFMIP financial systems requirements documents as a key benchmark that agency systems must meet in order to be substantially in compliance with systems requirements provisions under FFMIA. To support the requirements outlined in the FFMIA, we are updating requirements documents that are obsolete and publishing additional requirements documents.

Comments received will be reviewed and the exposure draft will be revised as necessary. Publication of the final requirements will be mailed to agency senior financial officials and will be available on the JFMIP website.

Executive Director, Joint Financial Management Improvement Program.
