Subject: In Support of SunTrust

To Whom It May Concern:

The YMCA of Central Florida has been doing business with SunTrust bank for over 50 years. Many of their executives have held positions on our Board of Directors, including Board Chair, over those years and still today. Currently, we are partnering with them to help find funding to help bring YMCA services to underserved families on the west side of Orlando. They have been a true partner for us, as well as the entire Central Florida community, and the YMCA is truly grateful for their support, leadership and vision.

Our Board and Executive Leadership team is fully in support of this merger and feel that it will only help enhance the services and resources that can be brought to our local community and organization.

Sincerely,

Colleen Manahan
Chief Financial Officer

YMCA of Central Florida
