Special Adviser to the Chairman Office of the Chairman  
Federal Deposit Insurance Corporation  
550 17<sup>th</sup> Street, NW  
Room MB-6128

Dear Mr. French

The FDIC must use its power to block the merger of  
SunTrust Bank and BB&T.

The merger will create another mega-bank that will put  
our financial system at risk for average Americans, while  
also costing thousands of jobs across the country.

The FDIC can stop this, and must do so. Please relay this  
message to all people involved in deciding for or against  
the merger.
