Subject: [EXTERNAL MESSAGE] July 1, 2022 - Assessments, Revised Deposit Insurance Assessment Rates; Notice of proposed rulemaking; Comment Request (RIN 3064-AF83)

Due to the rulemaking I agree with the decisions that has been proposed, revised, and carefully assessed. Due to the lack of communication between all parties involved with this rulemaking process although I have to say most consumers are not knowledgeable about banking services especially first time investors or bank consumers most have the assumption that all banking institutions are already insured with the FDIC.
