2. The institution's Tier 1 capital to assets leverage ratio (as defined in the appropriate capital regulation and guidance from the institution's primary federal regulator) shall be maintained at not less than ten percent (10%) throughout the first three years of operation and that an adequate allowance for loan and lease losses will be provided.
3. Any changes in proposed management or the proposed ownership of 10% or more of stock, including new acquisitions of or subscriptions to 10% or more of stock, shall be approved by the FDIC prior to opening.
4. An accrual accounting system shall be adopted for maintaining the financial records of the institution.
5. Federal deposit insurance shall not become effective until the applicant is authorized to operate as a State bank by the appropriate State authority.
6. Where applicable, the applicant has submitted any proposed contracts, leases, or agreement relating to construction or rental of permanent quarters to the appropriate regional director for review and comment.
7. Where applicable, full disclosure has been made to all proposed directors and stockholders of the facts concerning the interest of any insider in any transactions being effected or then contemplated, including the identity of the parties to the transaction and the terms and costs involved. An insider is one who is or is proposed to be a director, officer, or incorporator of an applicant; a shareholder who directly or indirectly controls 10 or more percent of any class of the applicant's outstanding voting stock; or the associates or interests of any such person.

8. For a period of five years from the effective date of this Order, the bank shall not employ any officer, director, or consultant without the prior written approval of the Regional Director of the FDIC's San Francisco Regional Office.
9. Prior to the effective date of Federal deposit insurance, the institution shall obtain surety bond coverage in a sufficient amount to conform to generally accepted banking practices.
10. The institution shall obtain an audit of its financial statements by an independent public accountant annually for at least the first three years after deposit insurance is effective and shall submit to the appropriate FDIC regional director, (i) a copy of the audited annual financial statements and the independent public auditor's report thereon within 90 days after the end of the depository institution's fiscal year, (ii) a copy of any other reports by the independent auditor (including any management letters) within 15 days after their receipt by the institution, and (iii) written notification within 15 days when a change in the institution's independent auditor occurs.
11. The institution shall operate within the parameters of the business plan submitted as part of the institution's application for deposit insurance. During the first three years of operation, the bank shall notify the regional director of the FDIC and its primary Federal regulator, if not the FDIC, of any proposed major deviation or material change from the submitted plan 60 days before consummating the change.
12. If the institution does not commence operations within twelve months from the date of this ORDER, the consent granted herein shall expire, unless the Corporation approves a request for an extension of the deadline prior to the expiration. In the interim, the Corporation shall have the right to alter, suspend, or withdraw this approval should any development warrant such action.
