STATEMENT

Pursuant to the provisions of Section 5 of the Federal Deposit Insurance Act (12 U.S.C. §1815), an application for Federal deposit insurance has been filed for The Bank of Fairfield (the Bank), a proposed new state-chartered commercial bank, to be located at 2248 Black Rock Turnpike, Fairfield, Fairfield County, Connecticut.

The Bank plans to provide a traditional range of financial products and services to meet the deposit and credit needs of small-to-medium sized businesses and consumers in the primary market of Fairfield and secondary markets of Westport, Weston, and Easton.

For the purposes of this proposal, capital is adequate, projections for future earnings prospects are favorable, management is considered satisfactory, and the investment in fixed assets is reasonable. Corporate powers to be exercised are consistent with the purpose of the Federal Deposit Insurance Act. The convenience and needs of the community were considered and favorably resolved. No formal objections to this proposal have been filed and no undue risk to the insurance fund is apparent.

Accordingly, based upon careful evaluation of all available facts and information, the Regional Director, acting under delegated authority, has concluded that approval of the application is warranted, subject to certain prudential conditions.
