## V. Post-Auction Procedures

### A. Down Payments and Withdrawn Bid Payments

135. After bidding has ended, the Commission will issue a public notice declaring the auction closed and identifying winning bidders, down payments, final payments, and any withdrawn bid payments due.

136. Within ten business days after release of the auction closing notice, each winning bidder must submit sufficient funds (in addition to its upfront payment) to bring its total amount of money on deposit with the Commission for Auction No. 61 to 20 percent of the net amount of its winning bids (gross bids less any applicable small business, or very small business bidding credits). In addition, by the same deadline, all bidders must pay any bid withdrawal payments due under 47 CFR 1.2104(g), as discussed in "Bid Removal and Bid Withdrawal," Section IV.B.6. (Upfront payments are applied first to satisfy any withdrawn bid liability, before being applied toward down payments.)

### B. Final Payments

137. Each winning bidder will be required to submit the balance of the net amount of its winning bids within 10 business days after the deadline for submitting down payments.

### C. Long-Form Application (FCC Form 601)

138. Within ten business days after release of the auction closing notice, winning bidders must electronically submit a properly completed long-form application (FCC Form 601) for each license won through Auction No. 61. Winning bidders that are small businesses or very small businesses must demonstrate their eligibility for small business or very small business bidding credits. See 47 CFR 1.2112(b).

### D. Ownership Disclosure Information Report (FCC Form 602)

139. At the time it submits its long-form application (FCC Form 601), each winning bidder also must comply with the ownership reporting requirements as set forth in 47 CFR 1.913, 1.919, and 1.2112. An ownership disclosure record was automatically created in the Universal Licensing System (ULS) for any applicant that submitted an FCC Form 175. However, winning bidders will be required to review and confirm that it is complete and accurate as of the date of filing Form 601. Further instructions will be provided to auction

winning bidders at the close of the auction.

### E. Tribal Land Bidding Credit

140. A winning bidder that intends to use its license(s) to deploy facilities and provide services to federally recognized tribal lands that are unserved by any telecommunications carrier or that have a wireline penetration rate equal to or below 85 percent is eligible to receive a tribal land bidding credit as set forth in 47 CFR 1.2107 and 1.2110(f). A tribal land bidding credit is in addition to, and separate from, any other bidding credit for which a winning bidder may qualify.

### F. Default and Disqualification

141. Any high bidder that defaults or is disqualified after the close of the auction (*i.e.*, fails to remit the required down payment within the prescribed period of time, fails to submit a timely long-form application, fails to make full payment, or is otherwise disqualified) will be subject to the payments described in 47 CFR 1.2104(g)(2). In such event the Commission may re-auction the license or offer it to the next highest bidder (in descending order) at its final bid. In addition, if a default or disqualification involves gross misconduct, misrepresentation, or bad faith by an applicant, the Commission may declare the applicant and its principals ineligible to bid in future auctions, and may take any other action that it deems necessary, including institution of proceedings to revoke any existing licenses held by the applicant.

### G. Refund of Remaining Upfront Payment Balance

142. All applicants that submit upfront payments but are not winning bidders for a license in Auction No. 61 may be entitled to a refund of their remaining upfront payment balance after the conclusion of the auction. No refund will be made unless there are excess funds on deposit from the applicant after any applicable bid withdrawal payments have been paid. All refunds will be returned to the payer of record, as identified on the FCC Form 159, unless the payer submits written authorization instructing otherwise.

143. Bidders that drop out of the auction completely may be eligible for a refund of their upfront payments before the close of the auction. Qualified bidders that have exhausted all of their activity rule waivers, have no remaining bidding eligibility, and have not withdrawn a provisionally winning bid during the auction must submit a written refund request. If you have completed the refund instructions

electronically, then only a written request for the refund is necessary. If not, the request must also include wire transfer instructions, Taxpayer Identification Number (TIN) and FCC Registration Number (FRN). Send refund requests to: Federal Communications Commission, Financial Operations Center, Auctions Accounting Group, Gail Glasser, 445 12th Street, SW., Room 1-C864, Washington, DC 20554.

144. Bidders are encouraged to file their refund information electronically using the Refund Information icon in the FCC Form 175, but bidders can also fax their information to the Auctions Accounting Group at (202) 418-2843. Once the information has been approved, a refund will be sent to the party identified in the refund information.

**FOR FURTHER INFORMATION CONTACT:** Leneta G. Gregorie at the address identified above.

**SUPPLEMENTARY INFORMATION:** Proposal to revise the following currently approved collection of information:

*Title:* Deposit Broker Processing.

*OMB Number:* 3064-0143.

*Frequency of Response:* On occasion.

*Affected Public:* Deposit brokers and depositors of failed insured institutions.

*Estimated Number of Responses:* See chart below.

*Estimated Time per Response:* See chart below.

*Estimated Total Annual Burden:* 2875 hours.

*General Description of Collection:* When an insured institution is closed by its primary regulatory authority, the FDIC has the responsibility to pay the insured claims of the failed bank depositors pursuant to the Federal Deposit Insurance Act and the FDIC's Deposit Insurance Coverage regulation, 12 CFR part 330. Generally, deposits are insured to a maximum of \$100,000. This maximum coverage is based on "ownership rights and capacities." All deposits that are maintained in the same right and capacity are added together and insured up to \$100,000 in accordance with the regulations relating to deposit insurance of that particular deposit insurance ownership category. Deposits held in different ownership categories are eligible for \$100,000 coverage per category. For example, as a general rule, single-ownership accounts are separately insured from trust accounts held for the benefit of others.

In order to assist the FDIC in paying deposit insurance to persons who had deposited funds in a failed depository institution through a deposit broker, the FDIC requests deposit brokers who opened a deposit account in a failed institution to provide the FDIC with information about the parties for whom the broker acted as agent and the

amounts of their deposits. An essential element of this collection is an electronic file from every broker that provides information about its customers and their accounts, including: Each customer's name, address, tax identification number, and ownership interest in the account; principal balance of the account; and interest earned on the account. The FDIC also has developed forms to assist in determining account ownership and the availability of "pass-through" deposit insurance coverage where the account balance exceeds \$100,000. The FDIC form numbers are 7200/03, /04, /05, /06, /07, /08, /09, /10, /11, /12, /13, /14, and /15.

The FDIC uses these same forms to determine whether individual account holders at failed institutions may receive pass-through deposit insurance coverage. The FDIC's use of these forms for individuals has been approved by OMB under PRA control number 3064-0150 (expires September 30, 2007).

In order to facilitate public access to the common forms and to improve administrative efficiency, the FDIC proposes to consolidate the two OMB approved collections into a single collection titled, "Forms Relating to Processing Deposit Insurance Claims," under the 3064-0143 control number.

**FEDERAL RESERVE SYSTEM**

[Docket No. OP-1229]

**Federal Reserve Bank Services Private Sector Adjustment Factor**

**AGENCY:** Board of Governors of the Federal Reserve System.

**ACTION:** Notice with request for comments.

**SUMMARY:** The Board requests comment on potential modifications to the method for calculating the target return

on equity (ROE) in the private-sector adjustment factor (PSAF). The PSAF imputes the costs that would have been incurred and profits that would have been earned had the Federal Reserve Banks' priced services been provided by a private firm. The Monetary Control Act of 1980 (MCA) requires that the Federal Reserve set fees for its services to recover, over the long run, its actual costs of providing the services, as well as the imputed costs and profits. The Board reviews its method for calculating the PSAF periodically to assess whether it is still appropriate in light of the changing business and regulatory environment, industry practices, and accounting standards.

Specifically, the Board requests comment on possible changes to the current method to compute a target rate of return on equity capital, including changes to the analytical models and peer group institutions used. The Board's method for setting its overall level of equity capital would continue to be based on the Federal Deposit Insurance Corporation (FDIC) guidelines for a well-capitalized institution for insurance premium purposes.

**DATES:** Comments must be submitted on or before July 22, 2005.
