Subject: Assessments, RIN 3064-AD35

As an employee of one of the nations 8000 community banks, I would like to make you aware of the strong opposition I have to the special assessment fee you recently imposed on our banks. Putting the burden back on community banks is NOT the solution to this economic mess. There are other courses of action that could be and NEED to be pursued!

I feel that this staggering burden is directly related to the greed, incompetence and sins of the Wall Street firms that have crippled this nation's economy and we should not have to pay the price!

For the record, I imply STRONG OPPOSITION to this decision.
