Subject: Assessments, RIN 3064-AD35

To the Honorable FDIC Board of Directors:

RE: "Assessments, RIN 3064-AD35"

Our bank is having its 104th birthday this year. We have always played by the rules and will continue to do so. We are diligent in our lending practices and the overall management of our banks. We are a \$163,000,000 community bank along with many other that are being abused and put at risk for earning because of your proposed Assessment. We did not cause the problem or the problems during the S & L debacle, yet you continue to ask Community Bank Shareholders and customers to pay the price.

In all sincerity, You should be ashamed.
