Subject: Assessments, RIN 3064-AD35

As a community banker since 1979 I am proud of our commitment to our local area. We are men and women who have devoted ourselves in helping to meet the financial needs of our customers - generation after generation. Community bankers are the foundation of the banking system - do not punish those who have kept the local economy viable and who have kept the system going while others have taken advantage of not being regulated. Do not place an undue burden on the very ones who were wise and disciplined and knew their roles as community bankers!

Sincerely,

Mali Soto Chamness,
Vice President
