Comment on TLGP Extension:

Since the TLGP was adopted, we have enjoyed an increase in deposit and consumer confidence due to the increase in the coverage, especially with our higher dollar accounts.

I am in favor of the second proposed alternative to extend the TAG program to June 30, 2010.

While I would prefer that the extension not involve an increase in the fees associated with providing this valuable coverage to our customers, it's more important that we have the coverage.

Thank you for your consideration.
