Subject: I am against any special assessment

Dear FDIC,

I work for Advantage Bank in Marietta, Ohio, and want to let you know that now is not the time to add to the stress on banks. Our bank has always been a great part of our community and we have helped many thousands of customers become proud homeowners. Your special assessment would add a lot of burden in a currently weak economy.

My bank not only provides many services to our community - they provide good employment to my self and many others. Please don't add any additional charges to our cost of business.

Thank You,

Steve Cox
Advantage Bank
