General Description of Collection: This collection includes reporting, recordkeeping and disclosure requirements associated with the FDIC's TLGP. The TLGP is comprised of (1) a guarantee by the FDIC of unsecured, unsubordinated debt of participating, insured, depository institutions, their bank holding companies, financial holding companies, and thrift holding companies (other than unitary thrift

holding companies) issued between October 14, 2008, and October 31, 2009, with guarantees expiring on the earlier of the date of maturity or December 31, 2012, and with a system of fees to be paid by these institutions for such guarantees; and (2) a 100 percent guaranty of non-interest bearing, transaction accounts held by insured depository institutions until December 31, 2009 (FDIC guarantees). The TLGP is designed to strengthen confidence and encourage liquidity in the banking system in order to ease lending to creditworthy businesses and consumers. The reporting, recordkeeping and disclosure requirements apply to eligible entities participating in either the Debt Guarantee Component of the program or the Deposit Guarantee Component or both. The information obtained allows the FDIC to monitor its exposure under the TLGP and determine assessments for entities participating in the program. The required disclosures ensure that depositors, debt holders, and the general public are on notice as to which entities are participating in the program, the extent to which deposits in noninterest-bearing transaction accounts are FDIC-insured, and whether newly-issued, senior, unsecured debt is guaranteed by the FDIC.

Proposed Information Collection Activity; Comment Request

Title: Community-Based Abstinence Education Performance Progress Report.
OMB No.: 0970-0272.

Description: The discretionary funding Community-Based Abstinence Education Program (CBAE) is authorized by Title XI, Section 1110, of the Social Security Act (using the definitions contained in Title V, Section 510(b)(2) of the Social Security Act).

Program-Specific Performance Measure

The CBAE program developed a program-specific performance measure in response to the PART review (a process by which the Office of Management and Budget analyzes and rates a Federal program's procedures and strategies for evaluating its effectiveness), for which the program received a rating of Adequate. In an effort to gather program-specific data on rates of abstinence pre- and post-program participation, ACF and the Office of Management and Budget determined that a program-specific performance measure should be developed to assess key outcomes among program participants. The CBAE office convened a panel of abstinence education experts to gather input on the measure, and, based on the input provided, the CBAE office developed the measure. CBAE grantees will be required to ask twelve questions of the youth served in a pre- and post-survey, as well as a representative sample of the youth served in a follow-up survey.

The questions were carefully constructed by experienced evaluators to measure initiation and discontinuation of sexual intercourse as well as two key predictors of initiation: Sexual values and behavioral intentions.

The program office will collect and compile data to establish baselines and ambitious targets for the program-specific performance measure. The data will be aggregated and results will be shared with the public as they become available.

Respondents: Youth Participants.
