information that is not confidential in nature. Information on PLMRs licensees is maintained in the Commission’s system of records, FCC/WTB–1, “Wireless Services Licensing Records”. The licensee records will be publicly available and routinely used in accordance with subsection (b) of the Privacy Act. FRN numbers and material which is afforded confidential treatment pursuant to a request made under 47 CFR 0.459 of the Commission’s rules will not be available for public inspection. Any personally identifiable information (PII) that individual applicants provide is covered by a system of records, FCC/WTB–1, and these and all other records may be disclosed pursuant to Routine Uses as stated in this system of records notice.

Needs and Uses: The Commission will submit this information collection to the Office of Management and Budget (OMB) after this 60 day comment period in order to obtain the full three year clearance from them. The Commission is requesting approval of an extension of this information collection. The Commission is also reporting a significant increase in the total annual burden hours (+11,559 hours) due to an increase in respondents/responses. Therefore, the Commission has adjusted these estimates to report more accurate information to the OMB. Each licensee in the Private Land Mobile Radio Service (PLMRs) service must comply with the recordkeeping requirements of 47 CFR 90.443 of the Commission’s rules. Specifically, paragraph (b) of that rule section stipulates that the dates and pertinent details of any maintenance performed on station equipment, and the name and address of the service technician who did the work be entered in the station records. These records will reflect whether or not maintenance of the licensee’s equipment has been performed.

The maintenance records may be used by the licensee or Commission field personnel to note any recurring equipment problems or conditions that may lead to degraded equipment performance and/or interference generation. Tower lighting records are required to ensure that the licensee is aware of the tower light condition and proper operation, in order to prevent and/or correct any hazards to air navigation.

OMB Control Number: 3060–1127. Title: First Responder Emergency Contact Information in the Universal Licensing System (ULS). Form No.: N/A. Type of Review: Extension of a currently approved collection.

Respondents: Business or other for-profit, not-for-profit institutions, and state, local or tribal government. Number of Respondents: 133,095 respondents; 133,095 responses. Estimated Time per Response: 25 hours. Frequency of Response: On occasion reporting requirement.

Obligation to Respond: Voluntary. Statutory authority for this information collection is contained in 47 U.S.C. Section 154(i) Total Annual Burden: 36,601 hours. Total Annual Cost: N/A. Privacy Act Impact Assessment: N/A. Nature and Extent of Confidentiality: To protect the identities and locations of key first responder communications personnel, the Commission will treat emergency contact information submitted into ULS as confidential and will not make such information publicly available. The contact information submitted into ULS by public safety licensees and non-public safety licensees designated as emergency first responders will be available only to Commission staff. Interested licensees should file their operational point of contact information in ULS in the form of a confidential pleading.

To protect the confidentiality, integrity and availability of the emergency contact information submitted in this collection, the Commission will provide the information assurance services it currently provides to encrypt and store sensitive information.

Needs and Uses: The Commission is requesting approval of an extension of this information collection. The Commission sought and received emergency OMB approval of this information collection on September 3, 2009. The Commission will submit this information collection to the Office of Management and Budget (OMB) after this 60 day comment period in order to obtain the full three year clearance from them.

The Commission’s Public Safety and Homeland Security Bureau (Bureau) enhanced the existing Universal Licensing System (ULS) to collect operational point of contact information from public safety licensees and non-public safety licensees designated as emergency first responders responsible for coordinating with state, county and local authorities during times of emergency. The process of procuring and maintaining spectrum using the ULS remains intact and requires no additional training for licensees to participate in this voluntary collection. This enhancement to ULS to collect emergency point of contact information will enable Commission staff to more effectively provide immediate assistance and outreach to licensees during times of emergency. Using this information, the Bureau will be able to coordinate among licensees in given geographic areas to make more wireless radio service available to emergency first responders and emergency operations.

Public safety licensees designated as emergency first responders operating pursuant to Part 90 rules should identify the following information regarding the operational point of contact for the Licensee directly responsible for coordinating with the state, county, and/or local emergency authorities: (a) Name and title; (b) office telephone number; (c) mobile telephone number; and (d) e-mail address.

The Bureau will issue a Public Notice with step-by-step instructions on how to use the enhanced features made available to licensees to provide this information.

Federal Communications Commission.

Marlene H. Dortch,
Secretary.

FEDERAL DEPOSIT INSURANCE CORPORATION

Agency Information Collection Activities: Submission for OMB Review; Comment Request (3064–0152)

AGENCY: Federal Deposit Insurance Corporation (FDIC).

ACTION: Notice of information collection to be submitted to OMB for review and approval under the Paperwork Reduction Act of 1995.

SUMMARY: In accordance with requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), the FDIC hereby gives notice that it plans to submit to the Office of Management and Budget (OMB) a request for OMB review and renewal of the collections of information described below:

DATES: Comments must be submitted on or before October 16, 2009.

ADDRESSES: Interested parties are invited to submit written comments to FDIC by any of the following methods. All comments should refer to the name of the collection as well as the OMB control number(s):

FOR FURTHER INFORMATION CONTACT: Gary A. Kuiper at the address identified above.

SUPPLEMENTARY INFORMATION:
Proposal to renew the following currently approved collection of information:
Title: Identity Theft Red Flags and Address Discrepancies under the Fair and Accurate Credit Transactions Act of 2003 (FACT Act).
OMB Number: 3064–0152.
Affected Public: Individuals; Businesses or other for-profit.
Estimated Number of Respondents: 5260.
Estimated Time per Response: 16 hours.
Estimated Total Annual Burden: 84,160 hours.

General Description of the Collection: 12 CFR 334.82, 334.90, 334.91 and Appendix J to Part 334 implement sections 114 and 315 of the Fair and Accurate Credit Transactions Act of 2003 (FACT Act), Public Law 108–159 (2003). Section 114 amended section 615 of the Fair Credit Reporting Act (FCRA) to require the OCC, FRB, FDIC, OTS, NCUA, and FTC (Agencies) to issue jointly (i) Guidelines for financial institutions and creditors regarding identity theft with respect to their account holders and customers; (ii) regulations requiring each financial institution and creditor to establish reasonable policies and procedures for implementing the guidelines to identify possible risks to account holders or customers or to the safety and soundness of the institution or creditor; and (iii) regulations generally requiring credit and debit card issuers to assess the validity of change of address requests under certain circumstances. Section 315 amended section 605 of the FCRA to require the Agencies to issue regulations providing guidance regarding reasonable policies and procedures that a user of consumer reports must employ when a user receives a notice of address discrepancy from a consumer reporting agency (CRA). The information collections in Sec. 334.90 require each financial institution and creditor that offers or maintains one or more covered accounts to develop and implement a written Identity Theft Prevention Program (Program). In developing the Program, financial institutions and creditors are required to consider the guidelines in Appendix J to Part 334 and include those that are appropriate. The initial Program must be approved by the board of directors or an appropriate committee thereof and the board, an appropriate committee thereof or a designated employee at the level of senior management must be involved in the oversight of the Program. In addition, staff must be trained to carry out the Program. Pursuant to Sec. 334.91, each credit and debit card issuer is required to establish and implement policies and procedures to assess the validity of a change of address request under certain circumstances. Before issuing an additional or replacement card, the card issuer must notify the cardholder or use another means to assess the validity of the change of address. The information collections in Sec. 41.82 require each user of consumer reports to develop and implement reasonable policies and procedures designed to enable the user to form a reasonable belief that a consumer report relates to the consumer about whom it requested the report when the user receives a notice of address discrepancy from a CRA. A user of consumer reports must also develop and implement reasonable policies and procedures for furnishing an address for the consumer that the user has reasonably confirmed to be accurate to the CRA from which it receives a notice of address discrepancy.

Request for Comment
Comments are invited on: (a) Whether the collection of information is necessary for the proper performance of the FDIC’s functions, including whether the information has practical utility; (b) the accuracy of the estimates of the burden of the information collections, including the validity of the methodology and assumptions used; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the information collection on respondents, including through the use of automated collection techniques or other forms of information technology. All comments will become a matter of public record.

Dated at Washington, DC, this 10th day of September, 2009.
Federal Deposit Insurance Corporation.
Robert E. Feldman, Executive Secretary.
