Subject: Consolidated Reports of Condition and Income, 3064-0052

According to the proposed rule automobile loans are to be segregated from other consumer loans. At this time other consumer loans are coded 6C. As proposed, the rule would code automobile loans 6C, thereby requiring banks to change the coding on the majority of the consumer loans rather than the minority. I recommend that other consumer loans retain the 6C code and automobile loans be coded 6D.
