We are pleased to support the BB&T-SunTrust merger application and look forward to enhanced community resources that the merger should create.

Jubilee Jobs of Lexington is a nonprofit organization that specializes in job search preparation, job placement and career advancement for Lexington area residents who struggle with finding employment and a community of support. Our successful two-week, seven-step program is free to our clients and the employers with whom we work.

We have worked with BB&T's Community Development Department for the last several years. They have contributed much-needed financial resources and volunteer support to us so that we can continue to help those in our community who are less fortunate.

Specifically, BB&T has been a major on-going sponsor of our annual Suit Up and Get Hired Career Clinic which we conduct all day on Saturday, offering attendees the opportunity to become more educated about the job search process. Attendees are also offered the opportunity to meet with actual employers who need employees. This weekend event is in addition to our regular weekly programming.

We are sincerely appreciative of the support BB&T provides to Jubilee Jobs and we look forward to the enhancement this merger will bring.

Sincerely,

Cary Plummer
Executive Director
