**Subject:** Support for BB&T merger with SunTrust  
**Date:** Friday, April 05, 2019 11:50:53 AM

---

Ladies and Gentlemen,

I'm writing to support the proposed merger between SunTrust and Branch Banking & Trust. Both banks support affordable housing efforts for low income families in their service regions, and this affiliate of Habitat for Humanity has benefited from their investment of grant funds for the construction of homes. We hope that by combining, their Foundation and Community Reinvestment funds will be maximized, thus allowing even more engagement with agencies, developers, and nonprofits that seek to provide affordable housing and other community-enhancing programs.

This past week, GLHFH dedicated its 303<sup>rd</sup> home, which was built with sponsorship funding from SunTrust. The home would not have been possible without them. There are many more examples from this affiliate and others. Here is our 303<sup>rd</sup> home built in partnership with SunTrust and the Anderson family:

Thank you for your consideration.
