To whom it may concern,

I'm writing this letter in support of the BBand T- Suntrust Merger. I've been a customer of BBand T bank for the last 4 years since their acquisition of Susquehanna bank. I've depended on them for both my personal banking as well as my business of Allegany Dental Care.

My past experience has been with smaller local Banks so I was some skeptical of dealing with a larger more "nationwide" type bank. I soon learned that my banking needs were still being dealt with on a personal level , but with the advantages that a larger Bank can provide. I truly believe the this merger will allow BBandT to further improve services and the "Banking Experience" for all customers.

BBand T has been a great asset to our Community supporting a wide variety of local Charities and Organizations. I feel confident that this support will only increase after the merger.

Sincerely
Dr. Edward R Beachley
President, Allegany Dental Care
