I would like for you to understand my position on the merger of SunTrust & BB&T. My family has had the honor to bank with SunTrust in Miami since December of 1969. At the time I was only 5 years old when we came to this wonderful country from Cuba. My father opened several accounts at Flagship bank in Miami, including savings accounts for my brother and I. The relationship with bank grew and the folks that operated the bank always stayed in touch and developed a great relationship. As time passed SunTrust has been our commercial bank of our business. Today we deposit over 200 million dollars per year and have had a line of credit as large as \$25 million. I am also very proud to I serve on the SunTrust Board of Advisors of South Florida. The merger of equals of the both of these great institutions will be fantastic for the consumers and business throughout the country. If you have any questions please let me know. Thank you for
