Re: BB&T and SunTrust Merger

As a CPA and small business owner, BB&T has become a valued partner in meeting my firm's objectives as well as those of my clients. The level of service and personal relationship developed over the years far exceeds those by other local financial institutions. I support the proposed merger between BB&T and SunTrust and believe the combined entity will have an even greater beneficial impact on our local community.

We look forward to a continued relationship with BB&T and welcome the additional resources SunTrust would provide.

Sincerely:
