**Subject:** [EXTERNAL MESSAGE] PPP Question

Hello,

I was hoping you could answer a PPP question for me. I'll be getting my PPP loan funded on Monday, so the 8 weeks will start. My biweekly payroll period ends tomorrow and the payroll will be withdrawn sometime next week. Do I use the PPP loan for this period where the funds will be withdrawn within my 8 weeks even though it was for the last two weeks of payroll that weren't within my 8 weeks?

Thank you for your help in this trying time.
