Subject: RIDICULOUS OVERDRAFT FEES

FDIC,

I set up a checking and savings account for my daughter to use while away at college.

The savings account was opened and included overdraft protection. Overdraft was used one time in the entire year. The bank, chosen for its proximity to the college and my residence, states apart, changed names, closed the ATM in the college student union, and now is tacking on a \$36.00 charge for each overdraft.

This is RIDICULOUS. The government needs to put a stop to this. It's highway robbery!
