Subject: complain: [*Name of Financial Institution*]

Dear in the other side of the line:

I had a checking and savings account with [*Name of Financial Institution*]. Having money on my savings account they charged me almost 300 dollars in overdraft protection fees. After explaining to them my financial situation (I don't work over the summer and I had to move out the state) they just refunded half of it. I think it is robbery to take the money of hard working people when they have our money all the time to what they want to do with it. I'm up for more regulations over the banking institutions. We need a more fair, balanced and sustainable economy!

thanks,
