

## SCHEDULE RC-P – 1-4 FAMILY RESIDENTIAL MORTGAGE BANKING ACTIVITIES

### General Instructions

Schedule RC-P is to be completed by (1) all banks with \$1 billion or more in total assets and (2) those banks with less than \$1 billion in total assets where **any** of the following residential mortgage banking activities (in domestic offices) exceeds \$10 million for two consecutive quarters:

- (a) Closed-end and open-end first lien and junior lien 1-4 family residential mortgage loan originations and purchases for resale from all sources during a calendar quarter; or
- (b) Closed-end and open-end first lien and junior lien 1-4 family residential mortgage loan sales during a calendar quarter; or
- (c) Closed-end and open-end first lien and junior lien 1-4 family residential mortgage loans held for sale and held for trading at calendar quarter-end.

For purposes of measuring 1-4 family residential mortgage banking activities (at banks with less than \$1 billion in total assets) and reporting on these activities in Schedule RC-P, banks should include those 1-4 family residential mortgage loans that would be reportable as held for sale as well as those that would be reportable as held for trading.

For a bank with less than \$1 billion in total assets, the bank must complete Schedule RC-P beginning the second quarter in which the \$10 million threshold is exceeded and continue to complete the schedule through the end of the calendar year. Open-end mortgage banking activities should be measured using the “total commitment under the lines of credit” as defined below. For example, if the bank’s closed-end and open-end first and junior lien 1-4 family residential mortgage loan originations and purchases for resale from all sources exceeded \$10 million during the quarter ended June 30, 2010, and the bank’s sales of such loans exceeded \$10 million during the quarter ended September 30, 2010, the bank would be required to complete Schedule RC-P in its September 30 and December 31, 2010, Call Reports. If its total assets remain less than \$1 billion, the level of this bank’s mortgage banking activities during the fourth quarter of 2010 and the first quarter of 2011 would determine whether it would need to complete Schedule RC-P each quarter during 2011 beginning March 31, 2011.

For purposes of Schedule RC-P, closed-end 1-4 family residential mortgage loans are defined in Schedule RC-C, part I, item 1.c.(2), “Closed-end loans secured by 1-4 family residential properties.” All closed-end 1-4 family residential mortgage loans secured by junior (i.e., other than first) liens should be reported as junior liens in Schedule RC-P even if the bank has also originated or purchased a loan secured by a first lien on the same 1-4 family residential property and there are no intervening junior liens. Open-end 1-4 family residential mortgage loans are defined in Schedule RC-C, part I, item 1.c.(1), “Revolving, open-end loans secured by 1-4 family residential properties and extended under lines of credit.” These Schedule RC-C definitions also apply to closed-end and open-end 1-4 family residential mortgage loans that would be reportable as held for trading in Schedule RC-D and in Schedule RC, item 5, “Trading assets.”

For purposes of reporting on open-end loans extended under lines of credit in Schedule RC-P, the “total commitment under the lines of credit” is defined as the total amount of the lines of credit granted to customers at the time the open-end credits were originated. For retail and wholesale originations of such open-end loans, the “principal amount funded under the lines of credit” is defined as the initial fundings made to customers on newly established lines of credit. For open-end loans purchased, sold, held for sale or trading, and repurchased or indemnified, the “principal amount funded under the lines of credit” is defined as the principal balance outstanding of loans extended under lines of credit at the transaction date or at quarter-end, as appropriate.

Also include acquisitions of closed-end and open-end 1-4 family residential mortgage loans for resale that were closed in the name of a party other than the bank or a consolidated subsidiary of the bank. However, if the reporting bank is acting merely as a broker or agent and forwards loan applications and supporting documentation to another party who closes or funds the loans in its name (even if the reporting bank has some involvement in processing and underwriting the loans), the reporting bank should not report these loans as originations or purchases in this schedule.

- 6        Repurchases and indemnifications of 1-4 family residential mortgage loans during the quarter.** As a result of its 1–4 family residential mortgage banking activities, a bank may be obligated to repurchase mortgage loans that it has sold or otherwise indemnify the loan purchaser against loss because of borrower defaults, loan defects, other breaches of representations and warranties, or for other reasons. Report in the appropriate subitem all 1-4 family residential mortgage loans previously sold by the bank or a consolidated subsidiary subject to an obligation to repurchase or indemnify that have been repurchased or indemnified during the calendar quarter ending on the report date. Do not reduce this amount by any third-party indemnifications or reimbursements that the bank has received.

Repurchased 1-4 family residential mortgage loans include loans that the bank (or a consolidated subsidiary) had sold but subsequently repurchased under repurchase obligation provisions of the sales agreement because of a delinquency, noncompliance with the sellers' representations and warranties, fraud or misrepresentation, or any other contractual requirement. Exclude 1-4 family residential mortgage loans that have been repurchased solely at the discretion of the bank (such as delinquent mortgage loans backing GNMA mortgage-backed securities), i.e., where the sales agreement contains a repurchase option (which may be conditional), but not a repurchase obligation.

Indemnifications of 1-4 family residential mortgage loans are limited to reimbursements to loan purchasers or other third parties for credit losses on loans that the bank (or a consolidated subsidiary) has sold. Include reimbursements made on loans where the bank has agreed with the purchaser or other third party not to repurchase the loan as required under the sales agreement, but rather to guarantee that no credit loss is sustained. Indemnifications also include loans for which payments have been made by the bank (or a consolidated subsidiary) to purchasers or other third parties as reimbursements for deficiency balances arising from sales of real estate collateral (whether or not foreclosed) on loans that the bank (or a consolidated subsidiary) has sold. Exclude indemnification arrangements that are limited to reimbursements of legal fees or administrative costs.
