

SCHEDULE RC-T – FIDUCIARY AND RELATED SERVICES

General Instructions

This schedule should be completed on a fully consolidated basis, i.e., including any trust company subsidiary of the reporting institution that is engaged in fiduciary activities as defined in the instructions below. For report dates through December 31, 2008, the information reported in Schedule RC-T on fiduciary and related services income (except total gross fiduciary and related services income) and on fiduciary settlements, surcharges, and other losses will not be made available to the public on an individual institution basis. Beginning with the March 31, 2009, report date, all of the information reported in Schedule RC-T for each bank will be publicly available. Exclude from this schedule, investments in unconsolidated trust entities and any proportionate share of income or loss from these investments, which should be reported in accordance with instructions for Schedule RC, Balance Sheet, and Schedule RI, Income Statement, as applicable. See also Glossary entries for "Equity Method of Accounting" and "Subsidiaries."

Item No. Caption and Instructions

- 1 **Does the institution have fiduciary powers?** Federally-chartered institutions granted trust powers by the OCC to administer accounts in a fiduciary capacity should answer "Yes." State-chartered institutions should answer "Yes" if (a) the state has granted trust powers to the institution to offer fiduciary services as defined by the state **and** (b) the institution's federal supervisory agency (the FDIC or the Federal Reserve) has granted consent to exercise the trust powers (see Sections 333.2 and 333.101 of the FDIC's regulations and Federal Reserve Regulation H). Institutions with trust company subsidiaries should also answer "Yes." Institutions responding "No" should not complete the remainder of this schedule. Fiduciary capacity generally means trustee, executor, administrator, registrar of stocks and bonds, transfer agent, guardian, assignee, receiver, custodian under a uniform gifts to minors act, investment adviser (if the institution receives a fee for its investment advice), any capacity in which the institution possesses investment discretion on behalf of another, or any other similar capacity.

- 2 **Does the institution exercise the fiduciary powers it has been granted?** Institutions exercising their fiduciary powers should respond "Yes." Exercising fiduciary powers means that an institution, or a trust company subsidiary of the institution, serves in a fiduciary capacity as defined in the instructions for item 1 of this schedule.

- 3 **Does the institution have fiduciary or related activity (in the form of assets or accounts) to report in this schedule?** Institutions (including their trust company subsidiaries) with fiduciary assets, accounts, income, or other reportable fiduciary related services should respond "Yes." Institutions responding "No" should not complete the remainder of this schedule.

Reportable fiduciary and related services include activities that do not require trust powers but are incidental to fiduciary services. Specifically, this includes custodial services for assets held by the institution in a fiduciary capacity. An institution should report custodial activities that are offered through the fiduciary business unit or through another distinct business unit that is devoted to institutional custodial services. Institutions should exclude those custodial and escrow activities related to commercial bank services such as hold-in-custody repurchase assets, escrow assets held for the benefit of third parties, safety deposit box assets, and any other similar commercial arrangement.

Institutions with fiduciary activities that are limited to only land trusts and/or custodial activity for mortgage-backed securities (such as GNMA or FNMA) should respond "No."

If the answer to item 3 is "Yes," complete the applicable items of Schedule RC-T, as follows:

Item No. Caption and Instructions

3
(cont.) Institutions with total fiduciary assets (item 10, sum of columns A and B) greater than \$250 million (as of the preceding December 31) or with gross fiduciary and related services income greater than 10 percent of revenue (net interest income plus noninterest income) for the preceding calendar year must complete:

- Items 4 through 22 on the FFIEC 041 quarterly; items 4 through 22.a on the FFIEC 031 quarterly;
- Items 23 through 26 annually with the December report;
- Memorandum item 3 quarterly; and
- Memorandum items 1, 2, and 4 annually with the December report.

Institutions with total fiduciary assets (item 10, sum of columns A and B) of less than or equal to \$250 million (as of the preceding December 31) that do not meet the fiduciary income test for quarterly reporting must complete:

- Items 4 through 13 annually with the December report; and
- Memorandum items 1 through 3 annually with the December report.

In addition, institutions with total fiduciary assets greater than \$100 million but less than or equal to \$250 million (as of the preceding December 31) that do not meet the fiduciary income test for quarterly reporting must also complete Memorandum item 4 annually with the December report.

Fiduciary and Related Assets

Institutions should generally report fiduciary and related assets using their market value as of the report date. While market value quotations are readily available for marketable securities, many financial and physical assets held in fiduciary accounts are not widely traded or easily valued. If the methodology for determining market values is not set or governed by applicable law (including the terms of the prevailing fiduciary agreement), the institution may use any reasonable method to establish values for fiduciary and related assets for purposes of reporting on this schedule. Reasonable methods include appraised values, book values, or reliable estimates. Valuation methods should be consistent from reporting period to reporting period. This "reasonable method" approach to reporting market values applies both to financial assets that are not marketable and to physical assets. Common physical assets held in fiduciary accounts include real estate, equipment, collectibles, and household goods.

Only those Individual Retirement Accounts, Keogh Plan accounts, Health Savings Accounts, and similar accounts offered through a fiduciary business unit of the reporting institution should be reported in Schedule RC-T. When such accounts are not offered through an institution's fiduciary business unit, they should not be reported in Schedule RC-T. Accounts that consist solely of deposits in the bank itself should not be reported in Schedule RC-T.

If two institutions are named co-fiduciary in the governing instrument, both institutions should report the account. In addition, where one institution contracts with another for fiduciary or related services (i.e., Bank A provides custody services to the trust accounts of Bank B, or Bank A provides investment management services to the trust accounts of Bank B), both institutions should report the accounts in their respective capacities.

Exclude unfunded insurance trusts, testamentary executor appointments, and any other arrangements representing potential future fiduciary accounts.

Asset values reported on this schedule should generally exclude liabilities. For example, an employee benefit account with associated loans against account assets should be reported gross of the outstanding

Fiduciary and Related Assets (cont.)

loan balances. As another example, an account with a real estate asset and corresponding mortgage loan should be reported gross of the mortgage liability. However, there are two exceptions. First, for purposes of this schedule, overdrafts should be netted against gross fiduciary assets. Second, the fair value of derivative instruments, as defined in ASC Topic 815, Derivatives and Hedging should be included in (i.e., netted against) gross assets even if the fair value is negative.

Securities borrowing/lending transactions should be reflected as sales or as secured borrowings according to ASC Topic 860, Transfers and Servicing. A transferee ("borrower") of securities generally is required to provide "collateral" to the transferor ("lender") of securities. When such transactions do not qualify as sales, securities "lenders" and "borrowers" should account for the transactions as secured borrowings in which cash (or securities that the holder is permitted by contract or custom to sell or repledge) received as "collateral" by the securities "lender" is considered the amount borrowed and the securities "loaned" are considered pledged against the amount borrowed. For purposes of this schedule, securities held in fiduciary accounts that are "loaned" in securities lending transactions (that are accounted for as secured borrowings) should be reported as an asset of the fiduciary account that "loaned" the securities, but the "collateral" received should not also be reported as an asset of this fiduciary account.

In the Fiduciary and Related Assets section, the market value of Collective Investment Fund (CIF) units should be reported along with individual participant accounts in the Column and Item that corresponds to each participant. The aggregate amount of a CIF that is operated by an institution should NOT also be reported as a separate, additional account in the Fiduciary and Related Assets section of this schedule.

Institutions that are fiduciaries or exercise fiduciary powers as defined in the "General Instructions" section for Schedule RC-T, item 1, must include all investment management and investment advisory accounts and assets administered by the institution directly or administered by entities to whom the institution has delegated its investment authority. However, an investment advisor registered with the Securities and Exchange Commission (SEC) under the Investment Advisors Act of 1940 or registered with a state agency (registered investment advisors) is not a fiduciary nor does it exercise fiduciary powers as defined in the "General Instructions" section for Schedule RC-T, item 1. Therefore, institutions should not include investment management and investment advisory accounts and assets administered by registered investment advisory subsidiaries of the institution, except when:

- The institution fiduciary is the investment manager or advisor, but has delegated investment management or advisory responsibilities to the subsidiary registered investment advisor, or
- An institution is administering the account in a fiduciary capacity, as defined in the instructions for item 1 above, but the governing instrument assigns direct responsibility for investment management to the registered investment advisor.

Managed Assets – Column A

Report the total market value of assets held in managed fiduciary accounts. An account should be categorized as managed if the institution has investment discretion over the assets of the account. Investment discretion is defined as the sole or shared authority (whether or not that authority is exercised) to determine what securities or other assets to purchase or sell on behalf of the fiduciary related account. An institution that delegates its authority over investments and an institution that receives delegated authority over investments are BOTH deemed to have investment discretion.

Therefore, whether an account where investment management has been delegated to a registered investment adviser, whether affiliated or unaffiliated with the reporting institution, should be reported as a managed account depends on whether the delegation of investment authority to the registered investment adviser was made pursuant to the exercise of investment discretion by the reporting institution. If so, the account is deemed to be a managed account by the reporting institution. Otherwise, the account would be a non-managed account for purposes of Schedule RC-T.

An entire account should be reported as either managed or non-managed based on the predominant responsibility of the reporting institution.

Fiduciary and Related Assets (cont.)**Non-Managed Assets – Column B**

Report the total market value of assets held in non-managed fiduciary accounts. An account should be categorized as non-managed if the institution does not have investment discretion. Those accounts for which the institution provides a menu of investment options but the ultimate selection authority remains with the account holder or an external manager should be categorized as non-managed. For example, an institution that offers a choice of sweep vehicles is not necessarily exercising investment discretion. The process of narrowing investment options from a range of alternatives does not create a managed fiduciary account for the purposes of this schedule. For example, a 401(k) employee benefit plan where the participants select investments from a list of investment options should be reported as non-managed for the purposes of this schedule.

Number of Managed Accounts – Column C

Report the total number of managed fiduciary accounts.

Number of Non-Managed Accounts – Column D

Report the total number of non-managed fiduciary accounts.

Item No. Caption and Instructions

- 4** **Personal trust and agency accounts.** Report the market value and number of accounts for all testamentary trusts, revocable and irrevocable living trusts, other personal trusts, and non-managed personal agency accounts. Include accounts in which the institution serves as executor, administrator, guardian, or conservator. Exclude personal investment management and investment advisory agency accounts, which should be reported in Schedule RC-T, item 7. Also exclude Keogh Plan accounts, Individual Retirement Accounts (IRAs), Health Savings Accounts, and other pension or profit-sharing plans for self-employed individuals, which should be reported in Schedule RC-T, item 5. Personal accounts that are solely custody or safekeeping should be reported in item 11 of this schedule.
- 5** **Employee benefit and retirement-related trust and agency accounts:**
- 5.a** **Employee benefit – defined contribution.** Report the market value and number of accounts for all employee benefit defined contribution accounts in which the institution serves as either trustee or agent. Include 401(k) plans, 403(b) plans, profit-sharing plans, money purchase plans, target benefit plans, stock bonus plans, employee stock ownership plans, and thrift savings plans. Employee benefit accounts for which the institution serves as a directed trustee should be reported as non-managed. The number of accounts reported should reflect the total number of plans administered rather than the number of plan participants. Employee benefit accounts that are solely custody and safekeeping accounts should be reported in Schedule RC-T, item 11.
- 5.b** **Employee benefit – defined benefit.** Report the market value and number of accounts for all employee benefit defined benefit plans in which the institution serves as either trustee or agent. Employee benefit accounts for which the institution serves as a directed trustee should be reported as non-managed. The number of accounts reported should reflect the total number of plans administered rather than the number of plan participants. Employee benefit accounts that are solely custody and safekeeping accounts should be reported in Schedule RC-T, item 11.
- 5.c** **Other employee benefit and retirement-related accounts.** Report the market value and number of accounts for all other employee benefit and retirement-related fiduciary accounts in which the institution serves as trustee or agent. Include Keogh Plan accounts, Individual Retirement Accounts, Health Savings Accounts, Medical Savings Accounts, and other

Item No. Caption and Instructions

- 5.c**
(cont.) pension or profit-sharing plans for self-employed individuals. Also report the market value of assets and the number of accounts for employee welfare benefit trusts and agencies. Employee welfare benefit plans include plans, funds, or programs that provide medical, surgical, or hospital care benefits; benefits in the event of sickness, accident, disability, death, or unemployment; vacation benefits; apprenticeship or other training programs; day care centers; scholarship funds; or prepaid legal services. Employee benefit accounts for which the institution serves as a directed trustee should be reported as non-managed. Exclude accounts, originated by fiduciary or non-fiduciary personnel, that are only permitted to be invested in own-bank deposits. The number of accounts reported should reflect the total number of plans or accounts administered rather than the number of plan participants. Other retirement accounts that are solely custody and safekeeping accounts should be reported in Schedule RC-T, item 11. Individual Retirement Accounts, Health Savings Accounts, and other similar accounts should also be reported in Schedule RC-T, item 13.
- 6** **Corporate trust and agency accounts.** Report the market value of assets held by the institution for all corporate trust and agency accounts. Report assets that are the responsibility of the institution to manage or administer in accordance with the corporate trust agreement. Include assets relating to unrepresented bonds or coupons relating to issues that have been called or matured. Do NOT report the entire market value of the associated securities or the outstanding principal of associated debt issues. Include accounts for which the institution is trustee for corporate securities, tax-exempt and other municipal securities, and other debt securities including unit investment trusts. Also include accounts for which the institution is dividend or interest paying agent, and any other type of corporate trustee or agent appointment. Accounts that are solely custodial or safekeeping should be reported in Schedule RC-T, item 11.
- 7** **Investment management and investment advisory agency accounts.** Report the market value and number of accounts for all individual and institutional investment management and investment advisory agency accounts that are administered within the fiduciary area of the institution. Investment management accounts are those agency accounts for which the institution has investment discretion; however, title to the assets remains with the client. Include accounts for which the institution serves as a sub-advisor. Investment advisory accounts are those agency accounts for which the institution provides investment advice for a fee, but for which some other person is responsible for investment decisions. Investment management agency accounts should be reported as managed. Investment advisory agency accounts should be reported as non-managed. Investment management and investment advisory agency accounts maintained for foundations and endowments should be reported in Schedule RC-T, item 8. As noted the Fiduciary and Related Assets section above, exclude investment management and investment advisory agency accounts that are administered by subsidiary registered investment advisors. Include those mutual funds that are advised by the fiduciary area that is a separately identifiable department or division (as defined in Section 217 of the Gramm-Leach-Bliley Act). Classes of the same mutual fund should be combined and reported as a single account.
- 8** **Foundation and endowment trust and agency accounts.** Report the market value and number of accounts for all foundations and endowments (whether established by individuals, families, corporations, or other entities) that file any version of Form 990 with the Internal Revenue Service and for which the institution serves as either trustee or agent. Also include those foundations and endowments that do not file Form 990, 990EZ, or 990PF solely because the organization's gross receipts or total assets fall below reporting thresholds, but would otherwise be required to file. Foundations and endowments established by churches, which are exempt from filing Form 990, should also be included in this item. Employee benefit accounts maintained for a foundation's or endowment's employees should be

8 reported in Schedule RC-T, item 5. Accounts that are solely custodial or safekeeping should
(cont.) be reported in Schedule RC-T, item 11.

9 **Other fiduciary accounts.** Report the market value and number of accounts for all other trusts and agencies not reported in Schedule RC-T, items 4 through 8. Custody and safekeeping accounts should be reported in Schedule RC-T, item 11.

10 **Total fiduciary accounts.** Report the sum of items 4 through 9.

Item No. **Caption and Instructions**

11 **Custody and safekeeping accounts.** Report the market value and number of accounts for all personal and institutional custody and safekeeping accounts held by the institution. Safekeeping and custody accounts are a type of agency account in which the reporting institution performs one or more specified agency functions but the institution is not a trustee and also is not responsible for managing the asset selection for account assets. These agency services may include holding assets, processing income and redemptions, and other recordkeeping and customer reporting services. For employee benefit custody or safekeeping accounts, the number of accounts reported should reflect the total number of plans administered rather than the number of plan participants. Include accounts in which the institution serves in a sub-custodian capacity. For example, where one institution contracts with another for custody services, both institutions should report the accounts in their respective capacity. Individual Retirement Accounts, Health Savings Accounts, and other similar accounts should also be reported in Schedule RC-T, item 13.

Accounts in which the institution serves as trustee or in an agency capacity in addition to being custodian should be reported in the category of the primary relationship. For example, personal trust accounts in which the institution also serves as custodian should be reported as personal trust accounts and not as custodian accounts. An institution should report an account only once in Schedule RC-T, items 4 through 9 and 11.

Report custodian accounts that are incidental to fiduciary services. Include those custody and safekeeping accounts that are administered by the trust department, and those that are administered in other areas of the institution through an identifiable business unit that focuses on offering fiduciary related custodial services to institutional clients. Exclude those custodial and escrow activities related to commercial bank services such as hold-in-custody repurchase assets, securities safekeeping services for correspondent banks, escrow assets held for the benefit of third parties, safety deposit box assets, and any other similar commercial arrangement.

NOTE: Item 12 is applicable only to banks filing the FFIEC 031 report form.

12 **Fiduciary accounts held in foreign offices.** Report the market value and number of accounts included in Schedule RC-T, items 10 and 11, above that are attributable to accounts held in foreign offices.

13 **Individual Retirement Accounts, Health Savings Accounts, and other similar accounts.** Report the market value and number of Individual Retirement Accounts, Health Savings Accounts, and other similar accounts included in Schedule RC-T, items 5.c and 11. Other similar accounts include Roth IRAs, Coverdell Education Savings Accounts, and Archer Medical Savings Accounts. Exclude Keogh Plan accounts.

Fiduciary and Related Services Income

The income categories in Schedule RC-T, items 14 through 20, correspond to the fiduciary asset categories described in Schedule RC-T, items 4 through 11, above. For a detailed definition of the categories, please refer to the corresponding account descriptions. Income and expenses should be reported on an accrual basis. Institutions may report income and expense accounts on a cash basis if the results would not materially differ from those obtained using an accrual basis. For report dates through December 31, 2008, the information reported in Schedule RC-T on fiduciary and related services income (except total gross fiduciary and related services income) will not be made available to the public on an individual institution basis. Beginning with the March 31, 2009, report date, all of the information reported in Schedule RC-T for each bank will be publicly available.

Fiduciary and related services income should be reported on a gross basis in Schedule RC-T, items 14 through 22. Net fiduciary settlements, surcharges, and other losses should be reported on a net basis in Schedule RC-T, item 24, and in Schedule RI, item 7.d, "Other noninterest expense." Net losses are gross losses less recoveries (including those from insurance payments). If the institution enters into a "fee reduction" or "fee waiver" agreement with a client as the method for reimbursing or compensating the client for a loss on the client's fiduciary or related services account arising from an error, misfeasance, or malfeasance, the full amount of this loss must be recognized on an accrual basis and included in Schedule RC-T, item 24, and in the appropriate subitem and column of Schedule RC-T, Memorandum item 4. An institution should not report such a loss as a reduction of the gross income from fiduciary and related services it reports in Schedule RC-T, items 14 through 22, and Schedule RI, item 5.a, "Income from fiduciary activities," in the current or future periods when the "fee reduction" or "fee waiver" takes place. (See the example after the instructions to Schedule RC-T, Memorandum item 4.e.)

This page intentionally left blank.

<u>Item No.</u>	<u>Caption and Instructions</u>
14	<u>Personal trust and agency accounts.</u> Report gross income generated from personal trust and agency accounts as defined for item 4 of this schedule.
15	<u>Employee benefit and retirement-related trust and agency accounts:</u>
15.a	<u>Employee benefit – defined contribution.</u> Report gross income generated from defined contribution employee benefit trust and agency accounts as defined for item 5.a of this schedule.
15.b	<u>Employee benefit – defined benefit.</u> Report gross income generated from defined benefit employee benefit trust and agency accounts as defined for item 5.b of this schedule.
15.c	<u>Other employee benefit and retirement-related accounts.</u> Report gross income generated from other employee benefit and retirement-related accounts as defined for item 5.c of this schedule.
16	<u>Corporate trust and agency accounts.</u> Report gross income generated from corporate trust and agency relationships as defined for item 6 of this schedule.
17	<u>Investment management and investment advisory agency accounts.</u> Report gross income generated from investment management and investment advisory agency accounts as defined for item 7 of this schedule. Also include income generated from investment advisory activities when the assets are not held by the institution.
18	<u>Foundation and endowment trust and agency accounts.</u> Report gross income generated from foundation and endowment trust and agency accounts as defined for item 8 of this schedule.
19	<u>Other fiduciary accounts.</u> Report gross income generated from other trust and agency accounts as defined for item 9 of this schedule.
20	<u>Custody and safekeeping accounts.</u> Report gross income generated from custody and safekeeping agency accounts as defined for item 11 of this schedule.
21	<u>Other fiduciary and related services income.</u> Report all other gross fiduciary related income that cannot properly be reported in Schedule RC-T, items 14 through item 20, above. Include income received from others (including affiliates) for fiduciary and related services provided by the institution. Income received from investment advisory services in which the account assets are held in a custody or safekeeping account at the reporting institution should be reported in item 17 of this schedule. Also include net income generated from securities lending activities (i.e., after broker rebates and income paid to lending accounts). Include income from custodial activities for land trusts and mortgage-backed securities. Exclude allocations of income to the trust department from other areas of the institution such as credits for fiduciary cash held as a deposit in the commercial bank.
22	<u>Total gross fiduciary and related services income.</u> Report the sum of items 14 through 21. This item must equal Schedule RI, item 5.a, “Income from fiduciary activities.”

Item No. **Caption and Instructions**

NOTE: Item 22.a is applicable only to banks filing the FFIEC 031 report form.

- 22.a** **Fiduciary and related services income – foreign offices.** Report the total amount of fiduciary and related services income included in Schedule RC-T, item 22, above that is attributable to fiduciary accounts held in foreign offices.
- 23** **Less: Expenses.** Report total direct and indirect expenses attributable to the fiduciary and related services reported in this schedule. Include salaries, wages, bonuses, incentive pay, and employee benefits for employees assigned to reportable activities. If only a portion of their time is allocated to reportable activities, report that proportional share of their salaries and employee benefits. Include direct expenses related to the use of premises, furniture, fixtures, and equipment, as well as depreciation/amortization, ordinary repairs and maintenance, service or maintenance contracts, utilities, lease or rental payments, insurance coverage, and real estate and other property taxes if they are directly chargeable to the reportable activities. Income taxes attributable to reportable activity earnings should not be included. Also exclude settlements, surcharges, and other losses, which are to be reported in Schedule RC-T, item 24.
- Include indirect expenses charged to the department or function offering reportable activities by other departments or functions of the institution as reflected in the institution's internal management accounting system. Include proportional shares of corporate expenses that cannot be directly charged to particular departments or functions. Examples of indirect expenses include such items as audit and examination fees, marketing, charitable contributions, customer parking, holding company overhead, proportional share of building rent or depreciation, utilities, real estate taxes, insurance, human resources, corporate planning, and corporate financial staff. Reporting methods for indirect expenses should remain consistent from period to period.
- 24** **Less: Net losses from fiduciary and related services.** Report net losses resulting from fiduciary and related services. Net losses are gross losses less recoveries. Gross losses include settlements, surcharges, and other losses arising from errors, misfeasance, or malfeasance on fiduciary and related services accounts and should reflect losses recognized on an accrual basis. Recoveries may be for current or prior years' losses and should be reported when payment is actually realized. This item must equal Schedule RC-T, Memorandum item 4.e, sum of columns A and B minus column C. For further information, see the instruction to Schedule RC-T, Memorandum item 4.
- 25** **Plus: Intracompany income credits for fiduciary and related services.** If applicable to the reporting institution, report credits from other areas of the institution for activities reportable in this schedule. Include intracompany income credit made available to the fiduciary area for fiduciary account holdings of own-bank deposits. Also include credits for other intracompany services and transactions.
- 26** **Net fiduciary and related services income.** Report the total from item 22 less the amounts reported in item 23 and item 24 plus the amount reported in item 25.

Memoranda**Item No. Caption and Instructions****1 Managed assets held in fiduciary accounts.****Column Instructions for Memorandum items 1.a through 1.p:*****Column A, Personal Trust and Agency and Investment Management Agency Accounts:***

Report the market value of managed assets held in (a) personal trust and agency accounts as defined for item 4 of this schedule and (b) investment management agency accounts as defined for item 7 of this schedule.

Column B, Employee Benefit and Retirement-Related Trust and Agency Accounts:

Report the market value of managed assets held in employee benefit and retirement-related trust and agency accounts as defined for items 5.a, 5.b, and 5.c of this schedule.

Column C, All Other Accounts: Report the market value of managed assets held in (a) corporate trust and agency accounts as defined for item 6 of this schedule, (b) foundation and endowment trust and agency accounts as defined for item 8 of this schedule, and (c) other fiduciary accounts as defined for item 9 of this schedule.

Report in the appropriate column and in the appropriate subitem the market value of all managed assets held in the fiduciary accounts included in Schedule RC-T, items 4 through 9, column A. For units in common trust funds and collective investment funds that are held by a managed fiduciary account, report the market value of the units in Schedule RC-T, Memorandum item 1.h. Do not allocate the underlying assets of each common trust fund and collective investment fund attributable to managed accounts to the individual subitems for the various types of assets reported in Schedule RC-T, Memorandum item 1.

Securities held in fiduciary accounts that are "loaned" in securities lending transactions (that are accounted for as secured borrowings) should be reported as an asset of the fiduciary account that "loaned" the securities, but the "collateral" received should not also be reported as an asset of this fiduciary account.

- 1.a Noninterest-bearing deposits.** Report all noninterest-bearing deposits. Report noninterest-bearing deposits of both principal and income cash.
- 1.b Interest-bearing deposits.** Report all interest-bearing savings and time deposits. Include NOW accounts, MMDA accounts, "BICs" (bank investment contracts) that are insured by the FDIC, and certificates of deposit. Report interest-bearing deposits of both principal and income cash.
- 1.c U.S. Treasury and U.S. Government agency obligations.** Report all securities of and/or loans to the U.S. Government and U.S. Government corporations and agencies. Include certificates or other obligations, however named, that represent pass-through participations in pools of real estate loans when the participation instruments: (1) are issued by FHA-approved mortgagees and guaranteed by the Government National Mortgage Association, or (2) are issued, insured, or guaranteed by a U.S. Government agency or corporation (e.g., the Federal Home Loan Mortgage Corporation's Mortgage Participation Certificates). Collateralized mortgage obligations (CMOs) and real estate mortgage investment conduits (REMICs) issued by the Federal National Mortgage Association (FNMA) ("Fannie Mae") and the Federal Home Loan Mortgage Corporation (FHLMC) ("Freddie Mac") should be included.

MemorandaItem No. Caption and Instructions

- 1.d** **State, county, and municipal obligations.** Report all short- and long-term obligations of state and local governments, and political subdivisions of the United States. Include obligations of U.S. territories and insular possessions and their political subdivisions and all Federal income tax-exempt obligations of authorities such as local housing and industrial development authorities that derive their tax-exempt status from relationships with State or local governments. Tax-exempt money market mutual funds should be reported with money market mutual funds in Schedule RC-T, Memorandum item 1.e.
- 1.e** **Money market mutual funds.** Report all holdings of mutual funds registered under the Investment Company Act of 1940 that attempt to maintain net asset values at \$1.00 per share. Include taxable and tax-exempt money market mutual funds. Exclude short-term collective investment funds.
- 1.f** **Equity mutual funds.** Report all holdings of mutual funds registered under the Investment Company Act of 1940, exchange traded funds (ETFs), and unit investment trusts (UITs) that invest primarily in equity securities. For purposes of Memorandum item 1, institutions should categorize these investments on the basis of either the fund's investment objective as stated in its prospectus or the fund's classification by a company that tracks information on these funds such as Morningstar and Lipper. An institution's methodology for categorizing mutual fund, ETF, and UIT investments should be consistently applied.
- 1.g** **Other mutual funds.** Report all holdings of all other mutual funds registered under the Investment Company Act of 1940, ETFs, and UITs. For purposes of Memorandum item 1, institutions should categorize these investments on the basis of either the fund's investment objective as stated in its prospectus or the fund's classification by a company that tracks information on these funds such as Morningstar and Lipper. An institution's methodology for categorizing mutual fund, ETF, and UIT investments should be consistently applied.
- 1.h** **Common trust funds and collective investment funds.** Report all holdings of all common trust funds and collective investment funds. Common trust funds and collective investment funds are funds that banks are authorized to administer by Section 9.18 of the Office of the Comptroller of the Currency's regulations or comparable state regulations.
- 1.i** **Other short-term obligations.** Report all other short-term obligations (i.e., original maturities of less than 1 year, or 13 months in the case of the time portion of master notes). In addition to short-term notes, include in this item such money market instruments as master note arrangements, commercial paper, bankers acceptances, securities repurchase agreements, and other short-term liquidity investments. Exclude state, county, and municipal obligations.
- 1.j** **Other notes and bonds.** Report all other bonds, notes (except personal notes), and debentures. Include corporate debt, insurance annuity contracts, "GICs" (guaranteed investment contracts), "BICs" (bank investment contracts) that are not insured by the FDIC, and obligations of foreign governments. Also include certificates or other obligations, however named, representing pass-through participations in pools of real estate loans when the participation instruments are issued by financial institutions and guaranteed in whole or in part by private guarantors. Collateralized mortgage obligations (CMOs) and real estate mortgage investment conduits (REMICs) that are *not* issued by the Federal National Mortgage Association (FNMA) ("Fannie Mae") and the Federal Home Loan Mortgage

Memoranda**Item No.** **Caption and Instructions**

- 1.j** Corporation (FHLMC) ("Freddie Mac") should be reported here, even if the collateral consists of GNMA ("Ginnie Mae") or FNMA pass-throughs or FHLMC participation certificates. Exclude short-term obligations (which should be reported in Schedule RC-T, Memorandum item 1.i, above).
- 1.k** **Investments in unregistered funds and private equity investments.** Report all holdings of funds exempt from registration under Sections 3(c)(1) or 3(c)(7) of the Investment Company Act of 1940, for example, "hedge funds." Report all holdings of private equity investments exempt from registration under Securities Act of 1933 Regulation D. Private equity investments is an asset class consisting of purchased equity securities in operating companies that are not publicly traded on a stock exchange or otherwise registered with the SEC under federal securities laws. Private equity-related funds are funds that invest primarily in private equity investments. Unregistered private equity funds should be reported in this item.
- Investments in family businesses that are associated with the grantors or beneficiaries of a fiduciary account should not be reported in this Memorandum item as a "private equity investment." Such investments may arise, for example, from an in-kind transfer to a fiduciary account of securities in a closely-held family business or an increase in a fiduciary account's percentage ownership of an existing closely-held family business whose securities are held in the account. Such investments should be reported in Schedule RC-T, Memorandum item 1.o, "Miscellaneous assets."
- 1.l** **Other common and preferred stocks.** Report all holdings of domestic and foreign common and preferred equities, including warrants and options, but excluding investments in unregistered funds and private equity investments (which should be reported in Schedule RC-T, Memorandum item 1.k, above).
- 1.m** **Real estate mortgages.** Report real estate mortgages, real estate contracts, land trust certificates, and ground rents. These assets may be reported at their unpaid balance if that figure is a fair approximation of market value.
- 1.n** **Real estate.** Report real estate, mineral interests, royalty interests, leaseholds, and other similar assets. Land and buildings associated with farm management accounts should be reported in this item. Also include investments in limited partnerships that are solely or primarily invested in real estate.
- 1.o** **Miscellaneous assets.** Report personal notes, tangible personal property, and other miscellaneous assets that cannot properly be reported in Schedule RC-T, Memorandum items 1.a through 1.n, above. Crops, equipment, and livestock associated with farm management accounts should be reported in this Memorandum item. Also include investments in closely-held family businesses if such investments represent in-kind transfers to a fiduciary account of securities in a closely-held family business or an increase in a fiduciary account's percentage ownership of an existing closely-held family business whose securities are held in the account.
- 1.p** **Total managed assets held in fiduciary accounts.** Report the sum of Memorandum items 1.a. through 1.o. The total reported in column A must equal the sum of Schedule RC-T, items 4 and 7, column A. The total reported in column B must equal the sum of Schedule RC-T, items 5.a, 5.b, and 5.c, column A. The total reported in column C must equal the sum of Schedule RC-T, items 6, 8, and 9, column A.

Memoranda**Item No. Caption and Instructions**

1.q Investments of managed fiduciary accounts in advised or sponsored mutual funds.
Report in column A the market value of all managed fiduciary assets invested in mutual funds that are sponsored by the institution or a subsidiary or affiliate of the institution or where the institution or a subsidiary or affiliate of the institution serves as investment advisor to the fund. Report the number of managed fiduciary accounts with assets invested in advised or sponsored mutual funds in column B. The term "affiliate" means any company that controls, is controlled by, or is under common control with another company, as set forth in the Bank Holding Company Act of 1956.

2 Corporate trust and agency accounts:

2.a Corporate and municipal trusteeships. Report in column A the total number of corporate and municipal issues, including equities such as trust preferred securities, and asset-backed securities for which the institution serves as trustee. Also report other debt issues, such as unit investment trusts and private placement leases, for which the institution serves as trustee. If more than one institution is trustee for an issue, each institution should report the issue. Securities with different CUSIP numbers should be considered separate issues; however, serial bond issues should be considered as a single issue. When an institution serves as trustee of a bond issue, it may also perform agency functions for the issue such as registrar (transfer agent) or interest and principal paying agent. In those cases, report the issue only in Memorandum item 2.a, "Corporate and municipal trusteeships," as the trustee appointment is considered the primary function. Consider the primary function of the appointment when selecting the item in which to report the appointment. Exclude issues that have been called in their entirety or have matured even if there are unrepresented bonds or coupons for which funds are being held.

Report in column B the unpaid principal balance of the outstanding securities for the issues reported in column A for which the institution serves as trustee. For zero coupon bonds, report the final maturity amount. For trust preferred securities, report the redemption price. Exclude assets (i.e., cash, deposits, and investments) that are being held for corporate trust purposes; they should be reported in Schedule RC-T, item 6, above.

2.a.(1) Issues reported in Memorandum item 2.a that are in default. Report the total number and unpaid principal balance (final maturity amount for zero coupon bonds; redemption price for trust preferred securities) of the issues reported in Schedule RC-T, Memorandum item 2.a, above, that are in substantive default. A substantive default occurs when the issuer (a) fails to make a required payment of principal or interest, defaults on a required payment into a sinking fund, files for bankruptcy, or is declared bankrupt or insolvent, and (b) default has been declared by the trustee. Issues should not be reported as being in substantive default during a cure period, provided the indenture for the issue provides for a cure period. Private placement leases where the trustee is required to delay or waive the declaration of an event of default, unless requested in writing to make such declaration, should not be reported as being in substantive default, provided such written request has not been made. Once a trustee's duties with respect to an issue in substantive default have been completed, the issue should no longer be reported as being in default.

Do not report issues that are in technical default, for instance, if the obligor failed to provide information or documentation to the trustee within specified time periods.

Memoranda**Item No. Caption and Instructions**

- 2.b** **Transfer agent, registrar, paying agent, and other corporate agency.** Report in column A the total number of issues for which the institution acts in a corporate agency capacity. Include the total number of equity, debt, and mutual fund issues for which the institution acts as transfer agent or registrar, regardless of whether the transfer agent is registered with its appropriate regulatory agency. Separate classes of a mutual fund should be consolidated and reflected as a single issue. Include the total number of stock or bond issues for which the institution disburses dividend or interest payments. Also include the total number of issues of any other corporate appointments that are performed by the institution through its fiduciary capacity. Issues for which the institution serves in a dual capacity should be reported once. Corporate and municipal trusteeships reported in Schedule RC-T, Memorandum item 2.a, above, in which the institution also serves as transfer agent, registrar, paying agent, or other corporate agency capacity should not be included in Memorandum item 2.b. Include only those agency appointments that do not relate to issues reported in Schedule RC-T, Memorandum item 2.a, above.

NOTE: Memorandum items 3.a through 3.h are to be completed by institutions at which the total market value of the assets held in Collective Investment Funds (CIFs) and Common Trust Funds (CTFs) administered by the reporting institution (Memorandum item 3.h, column B) was \$1 billion or more as of the preceding December 31. Memorandum item 3.h only is to be completed by institutions at which the total market value of the assets held in CIFs and CTFs administered by the reporting institution (Memorandum item 3.h, column B) was less than \$1 billion as of the preceding December 31.

- 3** **Collective investment funds and common trust funds.** Report in the appropriate subitem the number of funds and the market value of the assets held in Collective Investment Funds (CIFs) and Common Trust Funds (CTFs) administered by the reporting institution. CIFs and CTFs are funds that banks are authorized to administer by Section 9.18 of the Office of the Comptroller of the Currency's regulations or comparable state regulations. If an institution operates a CIF that is used by more than one institution, the entire CIF should be reported in this section only by the institution that operates the CIF. Exclude mutual funds from this section. Each CIF and CTF should be reported in the subitem that best fits the fund type.
- 3.a** **Domestic equity.** Report funds investing primarily in U.S. equities. Include funds seeking growth, income, growth and income; U.S. index funds; and funds concentrating on small, mid, or large cap domestic stocks. Exclude funds specializing in a particular sector (e.g., technology, health care, financial, and real estate), which should be reported in Schedule RC-T, Memorandum item 3.g, "Specialty/Other."
- 3.b** **International/Global equity.** Report funds investing exclusively in equities of issuers located outside the U.S. and those funds representing a combination of U.S. and foreign issuers. Include funds that specialize in a particular country, region, or emerging market.
- 3.c** **Stock/Bond blend.** Report funds investing in a combination of equity and bond investments. Include funds with a fixed allocation along with those having the flexibility to shift assets between stocks, bonds, and cash.
- 3.d** **Taxable bond.** Report funds investing in taxable debt securities. Include funds that specialize in U.S. Treasury and U.S. Government agency debt, investment grade corporate bonds, high-yield debt securities, mortgage-related securities, and global, international, and emerging market debt funds. Exclude funds that invest in municipal bonds, which should be reported in Schedule RC-T, Memorandum item 3.e, and funds that qualify as short-term investments, which should be reported in Schedule RC-T, Memorandum item 3.f.
- 3.e** **Municipal bond.** Report funds investing in debt securities issued by states and political subdivisions in the U.S. Such securities may be taxable or tax-exempt. Include funds that invest in municipal debt issues from a single state. Exclude funds that qualify as short-term investments, which should be reported in Schedule RC-T, Memorandum item 3.f.

Memoranda**Item No. Caption and Instructions**

- 3.f** **Short-term investments/Money market.** Report funds subject to the provisions of Section 9.18(b)(4)(ii)(B) of the Office of the Comptroller of the Currency's regulations or comparable state regulations that invest in short-term money market instruments. Money market instruments may include U.S. Treasury bills, commercial paper, bankers acceptances, and repurchase agreements. Include taxable and nontaxable funds.
- 3.g** **Specialty/Other.** Include funds that specialize in equity securities of particular sectors (e.g., technology, health care, financial, and real estate). Also include funds that do not fit into any of the above categories.
- 3.h** **Total collective investment funds.** For institutions that complete Memorandum items 3.a through 3.g, report the sum of Memorandum items 3.a through 3.g. For all other institutions, report the total number of funds and the total market value of the assets held in Collective Investment Funds and Common Trust Funds administered by the reporting institution.
- 4** **Fiduciary settlements, surcharges, and other losses.** Report aggregate **gross** settlements, surcharges, and other losses arising from errors, misfeasance, or malfeasance on managed accounts in column A and on non-managed accounts in column B. For the definitions of managed and non-managed accounts, refer to the instructions for the Fiduciary and Related Assets section of this schedule. **Gross** losses should reflect losses recognized on an accrual basis before recoveries or insurance payments. If the institution enters into a "fee reduction" or "fee waiver" agreement with a client as the method for reimbursing or compensating the client for a loss on the client's fiduciary or related services account arising from an error, misfeasance, or malfeasance, the full amount of this loss must be recognized on an accrual basis and included in the gross losses reported in the appropriate subitem and column of this Memorandum item 4. An institution should not report such a loss as a reduction of the gross income from fiduciary and related services it reports in Schedule RC-T, items 14 through 22, and Schedule RI, item 5.a, "Income from fiduciary activities," in the current or future periods when the "fee reduction" or "fee waiver" takes place. (See the example after the instructions to Schedule RC-T, Memorandum item 4.e.)
- Exclude contingent liabilities for fiduciary-related loss contingencies, including pending or threatened litigation, for which a loss has not yet been recognized in accordance with ASC Subtopic 450-20, Contingencies – Loss Contingencies (formerly FASB Statement No. 5, "Accounting for Contingencies").
- Report recoveries (including those from insurance payments) in column C. Recoveries may be for current or prior years' losses and should be reported when payment is actually realized. The filing of an insurance claim does not serve as support for a recovery.
- For report dates through December 31, 2008, the information reported on fiduciary settlements, surcharges, and other losses will not be made available to the public on an individual institution basis. Beginning with the March 31, 2009, report date, all of the information reported in Schedule RC-T for each bank will be publicly available.
- 4.a** **Personal trust and agency accounts.** Report gross losses and recoveries for personal trust and agency accounts as defined for item 4 of this schedule.
- 4.b** **Employee benefit and retirement-related trust and agency accounts.** Report gross losses and recoveries for employee benefit and retirement-related trust and agency accounts as defined for item 5 of this schedule.

Memoranda**Item No. Caption and Instructions**

- 4.c Investment management and investment advisory agency accounts.** Report gross losses and recoveries for investment management and investment advisory agency accounts as defined for item 7 of this schedule.
- 4.d Other fiduciary accounts and related services.** Report gross losses and recoveries for all other fiduciary accounts and related services that are not included in Schedule RC-T, Memorandum items 4.a, 4.b, and 4.c, above. Include losses and recoveries from corporate trust and agency accounts, foundation and endowment trust and agency accounts, other fiduciary accounts, custody and safekeeping accounts, and other fiduciary related services.
- 4.e Total fiduciary settlements, surcharges, and other losses.** Report the sum of Memorandum items 4.a through 4.d. The sum of columns A and B minus column C must equal Schedule RC-T, item 24, above.

Example of “Fee Reduction” or “Fee Waiver” Agreement**Facts:**

- An institution has a two-year fiduciary services agreement with a client. It charges the client’s demand deposit account the \$36,000 quarterly fee for the fiduciary services on the final business day of each calendar quarter.
- Near the end of the first calendar quarter, the institution inadvertently processes a transaction for its client one day later than it should have, causing a \$12,000 loss to the client because of the delay in processing.
- The delayed transaction and loss are discovered immediately before the end of the first calendar quarter.
- The institution is responsible for this loss and must reimburse its client.
- Shortly after the end of the first calendar quarter, the institution enters into a “fee reduction” or “fee waiver” agreement with its client that calls for the institution to reduce the quarterly fee it will charge its client for the second calendar quarter from \$36,000 to \$24,000.
- The Call Report instructions state that fiduciary and related services income must be reported **gross** in Schedule RC-T, items 14 through 22, and Schedule RI, item 5.a.

Question:

How and when should the institution report the \$12,000 loss and the “fee reduction” or “fee waiver” for this amount?

Response:

The institution should include the \$12,000 loss in the net total fiduciary settlements, surcharges, and other losses reported in Schedule RI, item 7.d, “Other noninterest expense,” in the first calendar quarter and each subsequent quarter of the calendar year and, if applicable, in Schedule RC-T, item 24, and in the appropriate subitem and column of Schedule RC-T, Memorandum item 4, in the December Call Report. [If the \$12,000 loss had been discovered in the second calendar quarter, but before the Call Report for the first calendar quarter was submitted (rather than immediately before the end of the first calendar), the institution should report the \$12,000 loss in the Call Report for the first calendar quarter (and each subsequent quarter of the calendar year) as described above. This reporting treatment is applicable because information available prior to the submission of the first quarter Call Report indicates that it is probable that a loss had been incurred as of the end of the first calendar quarter and the amount of the loss can be reasonably estimated.]

Example of “Fee Reduction” or “Fee Waiver” Agreement (cont.)

In the first and second calendar quarters, the institution should include \$36,000 and \$72,000, respectively, in quarterly fees in the gross fiduciary and related services income reported in Schedule RI, item 5.a, “Income from fiduciary activities,” and, if applicable, in the appropriate category of income in Schedule RC-T, items 14 through 21, and in item 22.

Illustrative Journal Entries for This Example

Date of discovery of the loss immediately before the end of the first calendar quarter:

DR Fiduciary losses	\$12,000*	
CR Fiduciary reimbursements payable		\$12,000**

To record the \$12,000 fiduciary loss in the period incurred and the reimbursement payable to the client (which will be affected through a “fee reduction” or “fee waiver”).

* In the first quarter Call Report, the fiduciary loss would be included in Schedule RI, item 7.d.

** In the first quarter Call Report, this unpaid reimbursement payable would be included in Schedule RC-G, item 4.

Final business day of the first calendar quarter:

DR Demand deposit accounts	\$36,000	
CR Fiduciary services income		\$36,000***

To record the collection of the \$36,000 gross fee for fiduciary services for the first calendar quarter.

*** In the first quarter Call Report, this income would be included in Schedule RI, item 5.a.

Final business day of the second calendar quarter:

DR Demand deposit accounts	\$24,000	
DR Fiduciary reimbursements payable	\$12,000	
CR Fiduciary services income		\$36,000****

To record the earning of the \$36,000 gross fee for fiduciary services for the second calendar quarter, the reimbursement of the client for the \$12,000 fiduciary loss, and the collection of the \$24,000 net fee from the client.

**** In the second quarter Call Report, this income would be included in Schedule RI, item 5.a (as would the \$36,000 gross fee for fiduciary services from the first calendar quarter).
