DEPARTMENT OF THE TREASURY
Office of the Comptroller of the Currency

FEDERAL RESERVE SYSTEM

FEDERAL DEPOSIT INSURANCE CORPORATION

Proposed Agency Information Collection Activities; Comment Request

AGENCIES: Office of the Comptroller of the Currency (OCC), Treasury; Board of Governors of the Federal Reserve System (Board); and Federal Deposit Insurance Corporation (FDIC).
ACTION: Joint notice and request for comment.

SUMMARY: In accordance with the requirements of the Paperwork Reduction Act of 1995 (44 U.S.C. chapter 35), the OCC, the Board, and the FDIC (the "agencies") may not conduct or sponsor, and the respondent is not required to respond to, an information collection unless it displays a currently valid Office of Management and Budget (OMB) control number. The Federal Financial Institutions Examination Council (FFIEC), of which the agencies are members, has approved the agencies' publication for public comment of proposed revisions to the Consolidated Reports of Condition and Income (Call Report), which are currently approved collections of information. At the end of the comment period, the comments and recommendations received will be analyzed to determine the extent to which the FFIEC and the agencies

should modify the proposed revisions prior to giving final approval. The agencies will then submit the revisions to OMB for review and approval.

DATES: Comments must be submitted on or before May 10, 2005.

ADDRESSES: Interested parties are invited to submit written comments to any or all of the agencies. All comments, which should refer to the OMB control number(s), will be shared among the agencies.

OCC: You may submit comments, identified by [Attention: 1557-0081], by any of the following methods:

- *E-mail:* regs.comments@occ.treas.gov. Include [Attention: 1557-0081] in the subject line of the message.

FDIC: Steven F. Hanft, Paperwork Clearance Officer, (202) 898-3907, Legal Division, Federal Deposit Insurance Corporation, 550 17th Street, NW., Washington, DC 20429.

SUPPLEMENTARY INFORMATION: The agencies are proposing to revise the Call Report, which is currently an approved collection of information for each of the agencies.

The effect of the proposed revisions to the reporting requirements will vary from institution to institution depending on the extent to which an institution acquires loans with evidence of deterioration of credit quality since origination, including acquisitions of such loans in business combinations accounted for using the purchase method. The agencies expect that the proposed revisions will generally apply only to the limited number of institutions that are involved in purchase business combinations or that engage in purchases of loans with credit quality problems as a business activity. Furthermore, the proposed revisions entail the reporting of information included in disclosures required under applicable generally accepted accounting principles. Therefore, the agencies estimate that the implementation of these reporting revisions will result in a nominal increase in the current reporting burden imposed on all banks by the Call Report. The following burden estimates include the proposed revisions.

Report Title: Consolidated Reports of Condition and Income (Call Report).

Form Number: FFIEC 031 (for banks with domestic and foreign offices) and FFIEC 041 (for banks with domestic offices only).

Frequency of Response: Quarterly.
Affected Public: Business or other for-profit.

OCC:
OMB Number: 1557-0081.
Estimated Number of Respondents: 2,000 national banks.

Estimated Time per Response: 46.43 burden hours.

Estimated Total Annual Burden: 371,403 burden hours.

Board:
OMB Number: 7100-0036.

Estimated Number of Respondents: 922 state member banks.

Estimated Time per Response: 52.38 burden hours.

Estimated Total Annual Burden: 193,177 burden hours.

FDIC:
OMB Number: 3064-0052.
Estimated Number of Respondents: 5,332 insured state nonmember banks.
Estimated Time per Response: 37.08 burden hours.

Estimated Total Annual Burden: 790,796 burden hours.

The estimated time per response for the Call Report is an average, which varies by agency because of differences in the composition of the institutions under each agency's supervision (e.g., size distribution of institutions, types of activities in which they are engaged, and existence of foreign offices). For the Call Report, the average reporting burden includes the effect on burden of the new Central Data Repository (CDR) system for processing Call Reports. The time per response for the Call Report is estimated to range from 15 to 600 hours, depending on an individual institution's circumstances, before considering the effect of voluntary testing and global enrollment activities related to the CDR. The reporting burden for testing and enrollment activities for an individual institution is estimated to range from 16 to 69 hours, depending on the institution's level of participation.

General Description of Reports

These information collections are mandatory: 12 U.S.C. 161 (for national banks), 12 U.S.C. 324 (for state member banks), and 12 U.S.C. 1817 (for insured state nonmember commercial and savings banks). Except for selected items, these information collections are not given confidential treatment.

Abstract

Institutions file Call Reports with the agencies each quarter for the agencies' use in monitoring the condition, performance, and risk profile of individual institutions and the industry as a whole. In addition, Call Reports provide the most current statistical data available for evaluating institutions' corporate applications such as mergers, for identifying areas of focus for both on-site and off-site examinations, and for monetary and other public policy purposes. Call Reports are also used to calculate all institutions' deposit insurance and Financing Corporation assessments and national banks' semiannual assessment fees.

Current Action

I. Overview

This joint notice and request for comment addresses proposed revisions

to the Call Report in response to Statement of Position 03-3, Accounting for Certain Loans or Debt Securities Acquired in a Transfer (SOP 03-3), which was issued by the American Institute of Certified Public Accountants (AICPA) and is effective for loans acquired in fiscal years beginning after December 15, 2004. The agencies are proposing to add three items to the Call Report relating to loans within the scope of SOP 03-3. In addition, the agencies are revising the Call Report instructions to explain how the delinquency status of loans within the scope of SOP 03-3 should be determined for purposes of disclosing past due loans in the Call Report.

The proposed revisions to the Call Report have been approved for publication by the FFIEC. The agencies intend to implement the proposed Call Report changes as of the June 30, 2005, report date. Nonetheless, as is customary for Call Report changes, if the information required to be reported in accordance with the proposed reporting revisions is not readily available, institutions are advised that they may report reasonable estimates of this information for the report date as of which the proposed changes first take effect.

Type of Review: Revision of currently approved collections.

II. Discussion of Proposed Revisions

In December 2003, the AICPA issued SOP 03-3. In general, this Statement of Position applies to "purchased impaired loans," *i.e.*, loans that a bank has purchased, including those acquired in a purchase business combination, when there is evidence of deterioration of credit quality since the origination of the loan and it is probable, at the purchase date, that the bank will be unable to collect all contractually required payments receivable. The Statement of Position applies to loans acquired in fiscal years beginning after December 15, 2004, with early adoption permitted. Banks must follow SOP 03-3 for Call Report purposes in accordance with its effective date based on their fiscal years. The Statement of Position does not apply to the loans that a bank has originated. SOP 03-3 also excludes certain acquired loans from its scope.

Under SOP 03-3, a purchased impaired loan is initially recorded at its purchase price (in a purchase business combination, the present value of amounts to be received). The Statement of Position limits the yield that may be accreted on the loan (the accretable yield) to the excess of the bank's estimate of the undiscounted principal, interest, and other cash flows expected

at acquisition to be collected on the loan over the bank's initial investment in the loan. The excess of contractually required cash flows over the cash flows expected to be collected on the loan, which is referred to as the nonaccretable difference, must not be recognized as an adjustment of yield, loss accrual, or valuation allowance. Neither the accretable yield nor the nonaccretable difference may be shown on the balance sheet. After acquisition, increases in the cash flows expected to be collected generally should be recognized prospectively as an adjustment of the loan's yield over its remaining life. Decreases in cash flows expected to be collected should be recognized as an impairment through an addition to the loan loss allowance.

The Statement of Position prohibits a bank from "carrying over" or creating valuation allowances (loan loss allowances) in the initial accounting for purchased impaired loans. This prohibition applies to the purchase of an individual impaired loan, a pool or group of impaired loans, and impaired loans acquired in a purchase business combination. As a consequence, SOP 03-3 provides that valuation allowances should reflect only those losses incurred after acquisition, that is, the present value of all cash flows expected at acquisition that ultimately are not to be received. Thus, because of the accounting model set forth in SOP 03-3, banks will need to segregate their purchased impaired loans, if any, from the remainder of their loan portfolio for purposes of determining their overall allowance for loan and lease losses.

According to the Basis for Conclusions of SOP 03-3, the AICPA's Accounting Standards Executive Committee "believes that the accounting for acquired loans within the scope of this SOP is sufficiently different from the accounting for originated loans, particularly with respect to provisions for impairment, such that the amount of loans accounted for in accordance with this SOP should be disclosed separately in the notes to financial statements." The agencies agree with this assessment and have considered the disclosures required by SOP 03-3. Therefore, to assist the agencies in understanding the relationship between the allowance for loan and lease losses and the carrying amount of the loan portfolios of those banks whose portfolios include purchased impaired loans, the agencies are proposing to add three items to the Call Report. All three of these items represent information included in the disclosures required by SOP 03-3. The agencies would add two Memorandum items to Schedule RC-C, part I, Loans

and Leases: (1) The outstanding balance¹ and (2) the carrying amount (before any loan loss allowances) as of the report date of the purchased impaired loans held for investment² that are included in Schedule RC-C. In addition, the agencies would add a Memorandum item to Schedule RI-B, part II, Changes in Allowance for Loan and Lease Losses, in which banks would report the amount of loan loss allowances for purchased impaired loans held for investment that is included in the total amount of the allowance for loan and lease losses as of the report date.

The agencies also plan to revise the instructions to Schedule RC-N, Past Due and Nonaccrual Loans, Leases, and Other Assets, to explain how purchased impaired loans should be reported in this schedule. SOP 03-3 does not prohibit placing loans on nonaccrual status and any nonaccrual purchased impaired loans should be reported accordingly in Schedule RC-N. For those purchased impaired loans that are not on nonaccrual status, banks should determine their delinquency status in accordance with the contractual repayment terms of the loans without regard to the purchase price of (initial investment in) these loans or the amount and timing of the cash flows expected at acquisition.

III. Request for Comment

Public comment is requested on all aspects of this joint notice. In addition, comments are invited on:

(a) Whether the proposed revisions to the Call Report collections of information are necessary for the proper performance of the agencies' functions, including whether the information has practical utility;

(b) The accuracy of the agencies' estimates of the burden of the information collections as they are proposed to be revised, including the validity of the methodology and assumptions used;

¹ The outstanding balance is the undiscounted sum of all amounts, including amounts deemed principal, interest, fees, penalties, and other under the loan, owed to the bank at the report date, whether or not currently due and whether or not any such amounts have been charged off by the bank. The outstanding balance does not include amounts that would be accrued under the contract as interest, fees, penalties, and other after the report date.

² Loans held for investment are those loans that the bank has the intent and ability to hold for the foreseeable future or until maturity or payoff. Thus, the outstanding balance and carrying amount of any purchased impaired loans that are held for sale would not be reported in these proposed Memorandum items.

(c) Ways to enhance the quality, utility, and clarity of the information to be collected;

(d) Ways to minimize the burden of information collections on respondents, including through the use of automated collection techniques or other forms of information technology; and

(e) Estimates of capital or start up costs and costs of operation, maintenance, and purchase of services to provide information.

Comments submitted in response to this joint notice will be shared among the agencies and will be summarized or included in the agencies' requests for OMB approval. All comments will become a matter of public record. Written comments should address the accuracy of the burden estimates and ways to minimize burden as well as other relevant aspects of the information collection request.
