Subject: Industrial Banks

With 61 industrial bank charters already in service, why would you deny a charter to Wal-Mart or Home Depot. Lowe's already has one, how can you deny Home Depot? Wal-Mart should have the charter if they wish, also. Wal-Mart and Home Depot are two stores that we shop frequently. Anything to lower their costs will benefit our family because they pass the lowered costs on in the form of lower prices. We are sick of the unions attacking Wal-Mart because they are non-union.
