General Description of Reports

This information collection is mandatory: 12 U.S.C. 321, 324, and 602 (Board); 12 U.S.C. 602 (OCC); and 12 U.S.C. 1828 (FDIC). This information collection is given confidential treatment (5 U.S.C. 552(b)(8)).

Abstract

The FFIEC 030 contains asset and liability information for foreign branches of insured U.S. commercial banks and state-chartered savings banks and is required for regulatory and supervisory purposes. The information is used to analyze the foreign operations of U.S. banks. All foreign branches of U.S. banks regardless of charter type file this report with the appropriate Federal Reserve District Bank. The Federal Reserve collects this information on behalf of the U.S. bank's primary federal bank regulatory agency.

Current Actions

To reduce respondent burden, the agencies propose to eliminate five reporting items for branches with total assets in excess of \$250 million, create a short form (FFIEC 030S) containing five items to be filed annually by branches with total assets of between \$50 million and \$250 million (in lieu of filing the entire FFIEC 030 form), and eliminate the filing requirement for branches with less than \$50 million in total assets. Of the current number of 689 branch respondents, 231 branch respondents have total assets of between \$50 million and \$250 million and 226 respondents have less than \$50 million in total assets.¹ Thus, under this

¹ Respondents are permitted to report branches in a single country on a consolidated basis. Therefore,

proposal reporting burden would be significantly reduced or eliminated for approximately two-thirds of the respondents.

Discussion of Proposed Revisions

A. Revisions to the FFIEC 030

The agencies propose to reduce reporting burden by eliminating five reporting items for branches with total assets in excess of \$250 million because the aggregate amounts reported in these items have declined substantially to a nominal amount. The five items to be eliminated are:

- Asset item 6.d, "Loans to foreign governments and official institutions." Amounts would be included in current item 6.e, "Loans and lease financing receivables: To all others."

- Asset item 7, "Customers' liability to this bank on acceptances outstanding." Amounts would be included in current item 13, "Other assets."

- Asset item 9, "Accrued interest receivable." Amounts would be included in current item 13, "Other assets."

- Liability item 19, "Bank's liability on acceptances executed and outstanding." Amounts would be included in current item 24, "Other liabilities."

- Liability item 20, "Accrued taxes and other expenses." Amounts would be included in current item 24, "Other liabilities."

The revisions to the FFIEC 030 reporting form are proposed to be effective with the December 31, 2006, reporting date.

B. Implementation of the FFIEC 030S

The agencies propose to create an abbreviated or "short" report (FFIEC 030S) containing five items that branches with total assets between \$50 million and \$250 million would file on an annual basis in lieu of the FFIEC 030 form. The scope of the FFIEC 030S would be comparable to a report filed with the Federal Reserve by U.S. banking organizations for their foreign subsidiaries.² The items proposed for this report are considered the minimum information needed to serve as indicators of higher business volume, risk, and complexity in small-sized foreign branches. The reported information would also be used to monitor potential developments that

the number of branch respondents in each asset category does not equal the actual number of reports filed with the agencies.

² Abbreviated Financial Statements of Foreign Subsidiaries of U.S. Banking Organizations (FR 2314S; OMB No. 7100-0073), filed for subsidiaries with assets between \$50 million and \$250 million.

may pose risks to the overall operations of the parent bank. The items proposed for the FFIEC 030S are:

- Gross due from related institutions (a combination of current FFIEC 030 asset items 11 and 12).
- Total assets (current FFIEC 030 asset item 14).
- Gross due to related institutions (combination of current FFIEC 030 liability items 22 and 23).
- Total gross notional amount of derivative contracts (combination of current FFIEC 030 derivative items 26, 27, 28, and 31).
- Commercial and similar letters of credit, standby letters of credit, and foreign office guarantees (combination of current FFIEC 030 off-balance sheet items 29 and 30).

The FFIEC 030S reporting form is proposed to be effective with the December 31, 2006, reporting date.

C. Exempt Entities

The agencies propose to exempt foreign branches with total assets below \$50 million from both the FFIEC 030 and FFIEC 030S annual filing requirements.
