Dear Mr. Sheesley:

I am writing regarding the FDIC's proposal to exempt community banks under \$5 billion from the special assessment.

I am the President of The First National Bank of Henning. We are located in west central Minnesota where we serve local farmers, small business owners, and entrepreneurs. Our bank locations are all in communities of less than 1,000 people. Our bank is currently \$319 million in assets. We serve our local residents and fully intend to do so long into the future. We do not intend to get involved in the risky business practices that larger financial institutions like SVB have chosen to participate in. We are RELATIONSHIP Bankers!

I strongly support the FDIC's proposal to limit special assessments to the 113 large banking organizations that hold large amounts of uninsured deposits.

Thank you for giving us the opportunity to comment on this important topic. Increasing assessments would adversely affect our ability to serve our rural Minnesota customer base! Please finalize your rulemaking as proposed!

Sincerely,

## RANDY DORN
